Now
With F.M.L.

When one wonders why men do things, there is possibly a reason in the line sung by Don Quixote in the musicale "Man of LaMancha".

"I am I, Don Quixote, the Lord of LaMancha" says he, an old man living a vision, jousting windmills for knights and questing "an impossible dream."

Theologians and philosophers write volumes on such egoism or in this case autumn madness. The singular act, finally, requires only singular justification.

The need for unity is a quest that drives men in nature and men among men. It is the source for religion and justification, of kinship toward God and every living thing.

How many times might one wonder if what happens to him or what he does is real? If, perhaps, what is his lot is not a dream and even pinching 'til it hurts fails to convince him it all may go away? If a sense of heaven is not interchangeble with a desire to be one, alone, yet part of One, together?

One is born apart, a continuation of birth, of generation, of eon, of immeasureable time. One is born, screaming and hopefully healthy; one lives under compulsion to continue the line; one dies after full life if only one part of the whole is enfeebled.

Out of madness, Don Quixote thrusts himself into an insane world. Out of sanity, his world laughs at insanity and mourns in him its passing.

Who is right? Or is it not part of one: no demarcation is clear between real and unreal, anymore than borders are drawn on the ground as they are on maps.

Don Quixote fuses fantasy, both real and unreal, confusing those who call him mad. In an off moment, however, they might wish his affliction theirs.

He raises the question: "Are they not afflicted too?"

And a spark of inspiration, or madness, is what brings off another vision of reality, a condition which does not exist, but remotely is creatable. And it brings action, out of context but action which galvanizes the inert into new form, possibly new life. Even if only in a dream sung of and laughed at.

Don Quixote affects the real by being there, mad and driven for what is unattainable, for the time, but whose madness has beauty and more meaning than reality known too well.

And off he goes, to joust a windmill and save a maiden, herself conviced debauch is reality, but at one left weeping at an old man's challenge toward some etherial grace.

"I am I, Don Quixote," sings the lord, and his sheer belief in a dream is a reality which inspires a new form of reality, perhaps only slightly better, but better.

SEASONAL HARVEST - Sacks and sacks of pecans from around Milam and 100 miles around are being shipped from Cameron by Bagley and Sons, world's largest independent pecan buyer. Shown here are E. L. Byrd, at right, company representative, his son Jim, center left, and Ronnie Smith, all of San Saba.

School Board Studies New Lunch Program

Cameron school trustees in a regular meeting Thursday night discussed financial problems in the lunchrooms and appointed a committee to work on revision of the high school handbook.

The agenda also included joining the Educational Service Center and a Yoeman Booster Club proposal to install glass backboards in the high school gym.

Supt. D. R. Dodson told trustees that because of new government regulations effective September 4 of this year, Title I funds can no longer be used for the school lunch program. This is causing the lunchroom to lose money, he said.

The new regulations require that all eligible children be given a free lunch, and the school is reimbursed at the rate of 35 cents per lunch.

Dodson said the lunchroom lost about $6000 during the first two months of school, however he said the first month or two are always more expensive because staple items have to be stocked.

If the new regulations remain in effect after this school year, Supt. Dodson said, the school will either have to increase the price on lunches or put the lunchroom on a purely commercial basis, with no government funds.

The superintendent said the latter alternative would probably mean having hungry children in school, since the school lunch is the only good meal a day for many children, especially the young ones.

Further discussion was tabled for the December board meeting when a lunchroom cost report will be presented.

The Yoe High students' handbook will be reviewed and updated for next year. Appointed to work with Yoe Principal John Chubb and faculty members were Billy Hornung, Bentley Hause and Calvin Cobb.

Supt. Dodson noted that some of the handbook terminology is not clear, and schedules need to be re-worked to conform to the school's six-period day.

Board members voted to rejoin the Educational Service Center, which supplies audio - visual aids to member schools.

Members also approved a motion to share in the expense of installing glass backboards in the gym. The Yoeman Booster Club will supply the boards, goals and nets, with the school paying for installation.

HERALD FOR CHRISTMAS

PECAN CROP LOOKS GOOD FOR COUNTY

Pecan harvesting is off to a good start in Milam County with estimates of a much larger crop than that of last year.

Reports from growers in the area indicate the local crop is maturing later than usual on some groves but still promises to be a good one.

Growers will get a chance to exhibit choice pecan entries in the County Pecan and Food Show, set for Saturday. The annual event was not held last year after a survey of 1967 and '68 exhibitors showed not enough pecans for a representative show.

Thousands of pounds of pecans are being shipped out of Cameron by R. B. Bagley & Sons, large independent buyer, but so far most of the pecans have come from outside the county. E. L. Byrd, representative for Bagley, said harvesting in the Georgetown and Belton areas is ahead of Milam's, but the local crop is starting to come in.

Byrd said prices are high for this early in the season, with natives bringing 37 cents a pound.

County Agent J. D. Moore said early estimates show this year's crop will be at least 50 percent better than last year's, but probably not as abundant as the 1968 crop, when 450,000 pounds of pecans were harvested in the county.

Construction Slow At CHA

Work Stops Delay Units 8½ Months

Cameron Housing Units, under construction since June 1969, are about 95 percent complete according to August Kunz, chairman of the Cameron Housing Authority.

A community building on West 6th Street and 36 units designed for elderly residents, were virtually complete this week with the exception of landscaping which Kunz said would probably be delayed until spring. Interior work was being completed on the 14 family size units added to the East Housing Project.

Applicants for the units exceed the number that will be available, however Fred Starnes, CHA manager, said some of these applicants had made other housing arrangements since the 8 1/2 month delay in completing the project.

First funded for $753,522 in February 1967, bids were taken in 1968, but were all higher than the money alloted. An additional goverment grant was awarded in March 1969 in the amount of $52,-216. Barker Construction Co. was awarded the contract that same month and clearing work started in April.

Construction was originally to have been completed in February 1970, but work stops including a 4 1/2 month strike by bricklayers, delayed completion.

Kunz said they did not have a completion date at this time, but were in contact with the contractor and it appeared that work was about finished. He said he could not comment on the $100 a day penalty clause that would have been in effect since February in the original contract.

City's Week

MONDAY, NOV. 16

Noon Lions Club, The Texan, Speaker: District Governor
Yoemen Booster Club, 7 p.m., Voc. Ag Building
Band Booster Club, 7:30 p.m., Band Hall

TUESDAY, NOV. 17

City Council, 5:30 p.m., City Hall

WEDNESDAY, NOV. 18

Cameron Rotary Club, 12 noon, The Texan
Film Showing "His Land", 7:30 p.m., First Baptist Church

THURSDAY, NOV. 19

Chamber of Commerce Highway Barbeque, 7:30 p.m., Methodist Fellowship Hall
Evening Lions Club, 7:30 p.m., Methodist Fellowship Hall

SATURDAY, NOV. 21

Milam County Pecan Show Teen Club Bldg., Cameron.

Barbecue Will Honor Highway Dept. Staff

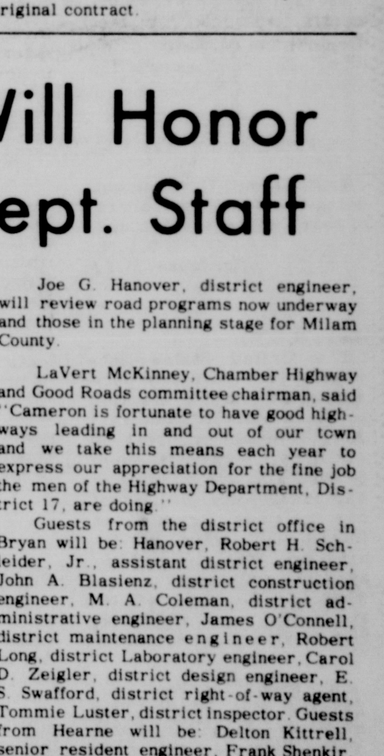
Texas Highway Department district staff members will be honored by the Cameron Chamber of Commerce Thursday, November 19. The annual barbeque will be held in the Methodist Fellowship Hall at 7:30 p.m.

Joe G. Hanover, district engineer, will review road programs now underway and those in the planning stage for Milam County.

LaVert McKinney, Chamber Highway and Good Roads committee chairman, said "Cameron is fortunate to have good highways leading in and out of our town and we take this means each year to express our appreciation for the fine job the men of the Highway Department, District 17, are doing."

Guests from the district office in Bryan will be: Hanover, Robert H. Schleider, Jr., assistant district engineer, John A. Blasienz, district construction engineer, M. A. Coleman, district administrative engineer, James O'Connell, district maintenance engineer, Robert Long, district Laboratory engineer, Carol D. Zeigler, district design engineer, E. S. Swafford, district right-of-way agent, Tommie Luster, district inspector. Guests from Hearne will be: Delton Kittrell, senior resident engineer, Frank Shenkir, senior resident engineer, Robert R. Odstrcil, assistant resident engineer and Chester Hays, assistant maintenance construction foreman. Personnel from the Milam County maintenance section will also attend as guests of the Cameron Chamber.

Tickets for the informal barbeque are on sale to the public and can be purchased from: Mrs. Floyd Stark, Buckholts, Henry Litzman, James Hudson, Forrest Sapp, Gene Smitherman, Bob Ellett, LaVert McKinney, Jim Camp or L. W. Stroup.



JOE G. HANOVER

Area Roundup

$300,000 Bond Proposed

HEARNE

Hearne City Council approved calling an election on a $300,000 bond proposal for city street and sanitation improvements. If approved in a city election the bonds would channel $125,000 into the first phase of a comprehensive storm sewer drainage project in northwest Hearne; $90,000 to improvements in the city's sanitary sewer system; $85,000 for street paving projects.

Buckholts Carnival Set

BUCKHOLTS

Buckholts High School will hold its annual Fall Carnival Thursday, November 19. Festivities including a chili supper will begin at 6 p.m. in the gymnasium. Activity booths are sponsored by 6th through 12th grades. There will be raffles, a country store, football, baseball, ping-pong, bean bag throws, a 'fish pond', cake walk and a senior class sponsored Spook House.

Volunteers Man Ambulance

CALDWELL

A 24-hour, volunteer, emergency ambulance service has been started for Caldwell and western Burleson County. The service will be called Emergency and Rescue Service, Inc. and will operate from the Goodnight Memorial Hospital. Fees paid for service will be used by the non-profit organization to purchase additional equipment and for replacement of supplies used.

Firemen's Carnival Sunday

THORNDALE

Thorndale Volunteer Fire Department and VFD Auxiliary will observe the 14th anniversary of the building of the Firemen's Hall with a carnival and dinner Sunday, November 22. Tickets will go on sale this week for the traditional turkey supper to be served beginning at 4 p.m.

AREA FOOTBALL ...

Yoemen Trip Dragons, 15-14

The Cameron Yoemen overcame a 14 point deficit and scored two last minute TD's to down Round Rock, 15-14.

Round Rock scored on their second posession of the ball game. Halfback Wayne King took a screen pass and scrambled 89 yards for Round Rock's first touchdown.

On the Dragons third possession of the night Brian Reinhardt hit King for RR's second and final TD.

King then passed to Reinhardt for the extra points and the Dragons led 14-0.

The only other scoring threat came as Yoe tackle Joe Lewis had his 19 yard field goal attempt blocked.

Round Rock led at halftime, 14-0.

The Yoemen again missed a scoring opportunity as they fumbled in the Dragon's end zone. With a first and goal Sam Knight rambled to the one only to fumble into the hands of a waiting Dragon.

Ken McLerran recovered a Round Rock fumble at the Dragon 32. From there the Yoemen drove to score with Robert Brashear getting the final yard on a quarterback sneak. Brashear then looked to throw for the extra two points and finding no one open he kept and dove into the end zone.

The Yoemen narrowed the RR lead to 14-8.

Following the Yoemen kickoff Round Rock was unable to move and was forced to punt. Jerry Richardson was on the recieving end for the Yoemen and took it in about his own 15 yard line and scampered 85 yards for Yoe's tying TD.

Joe Lewis provided the winning margin by kicking the extra point. The Yoemen lead 15-14 and clinched runner-up honors in District 20AA with a 4 and 1 record. The Yoemen ended the season with an overall 6 and 4 record.

Rosebud-Lott 12, Mart 10

The Rosebud-Lott Cougars came from behind and captured the 19AA District title by downing previously unbeaten Mart, 12-10.

The Cougars winning margin came on a 34 yard field goal by Tim Kirkscey with only 8 seconds left in the ball game.

Rosebud led early on a 26 yard field goal by Kirkscey. At halftime the score was 3-0.

Jack West booted a 28 yard field goal for Mart and tied the score, 3-3.

Rosebud's hefty halfback Luther Alexander then broke 65 yards and put the Cougars ahead, 9-3. Kirkscey's extra point attempt was blocked.

Edward Costley put Mart ahead in a 34 yard pass reception. The PAT was good and Mart led, 10-9.

The victory gave the Cougars a 10 and 0 record and a bi-district berth against 20AA winner, Georgetown.

STATS.

JV Scores 45-14 Win Over Junior Dragons

Cameron Juniors ended their season Thursday night with a convincing 45-14 win over Round Rock. The Yoemen scored in every quarter as they showed a powerful running game sparked by fine blocking.

Lonnie Hemphill brok 70 yards on a punt return for Yoe's first tally. The pass for extra points was good as Glenn Cummings hit Will Turner.

The JV couldn't score again until the second quarter when Virgil Jones carried it in with Cummings hitting Hemphill for extra points.

Hemphill then scored his second TD on a 6 yard scamper up the middle. PATs were added by Jack Chubb on the receiving end of a Cummings aerial.

At the half the Juniors had a commanding 24-0 lead.

The second half saw the Yoemen score three more TDs. Young went 40 yards for one and Will Turner scored twice on runs of 1 and 32 yards.

Donnie Tucker kicked one extra point and Allen Coleman ran for two.

Round Rock's only scoring came late in the ball game.

The JV ended their season with a 3-1 district record and 3-6 for the season.

Cage Apoplexy.....

Football is over and basketball is begun.

Cameron can look forward to another season of the sport after the grid suits are put away.

If last season is any example, Yoe cage fans can anticipate a good year on the hardwood.

Coach Ron Murdock and his charges surprised, if not shocked the cage world in this area by turning on a second-half winning streak unprecedented in modern Yoe High School history.

The 1969-70 Yoemen put basketball on par with other sports in Cameron. We are hopeful following the basketball season that Cameron's high school baseball program will take hold as well.

It is good for a high school to have a well-rounded athletic program. Murdock and the Yoemen last winter brought basketball of age and it puts interest in the winter sport where it should be.

We wish the cage Yoemen good luck in AA competition. Only one thing: Though it's good drama, don't win the district championship, if you do, in the last second. It gives apoplexy to everybody, even newspaper people.

Obituaries

Jim Gandy

Jim Gandy, 78, of Route 3 Cameron, died in a local hospital Wednesday evening.

Mr. Gandy was born April 11, 1892 in Milam County, the son of Alfred Gandy and Mary Young Gandy. He was a retired farmer.

Funeral service was held at 3 p.m. Friday at the Liberty Community Church with Rev. James E. Lafferty officiating. Burial was in the Liberty Cemetery.

He is survived by his wife, Mrs. J.D. Gandy of Route 3, Cameron; two sons, James Gandy, Jr. of Austin and Jesse Gandy of Kingsville; four daughters, Mrs. John Mayfield of San Antonio, Mrs. Kelly Smith os Mason, Mrs. John Wade of Austin and Mrs. Alvin Fail of Cameron.

Also surviving are two brothers, Sterling Gandy of Cameron and Dewey Gandy of Hobbs, N.M.; two sisters, Mrs. Joe Lankford of Austin and Mrs. Earl Campbell of San Antonio.

Also surviving are 16 grandchildren and one great great granddaughter.

Green Funeral Home was in charge of arrangements.

New to Nickel in Coinage

Thirty-five countries adopted nickel and various nickel alloys for 70 new coins in 1969.

Letters to the Editor

November 12, 1970

Dear Editor:

There is not a single drive of any type that could succeed without media cooperation. This is why we are so deeply appreciative of the splendid publicity your newspaper gave our Boy Scouts Good Turn Drive.

And the drive did succeed - thanks to your help and the work of the Boy Scouts. Over 12,000 bags were collected in the drive this year and we are still making pickups in two counties.

We find it also helps increase donations in our boxes located throughout the central Texas area. Five bags provide a day's earnings for a Goodwill worker, so you can readily see how valuable this collection can be in providing meaningful employment and rehabilitation to the handicapped in our area.

We are most grateful for your aid in this annual project. We have moved to our new plant at 1000 E. Waco Drive and you will soon be receiving information concerning an open house. Drop by and let us show you how we have expanded our facilities and services.

Sincerely,
A. P. Garrett
Executive Director
Goodwill Industries

November 11, 1970

Dear Frank:

I want to commend you for your outstanding and professional coverage of the political races this year. Because you and your staff worked diligently and gave unbiased opinions on the candidates in various races, our people were better informed on the platforms and qualifications of the candidates. Your coverage of the amendments was especially gratifying.

I am grateful for the job that you and other members of the newspaper profession are doing, for an informed citizen is the keystone in our democracy.

Sincerely yours,
Dan Kubiak

You Don't Say . . .

DISPUTE

if you mean "to prove the incorrectness of falsity of ----". "To prove (a person) to be in error".

REFUTE (ri FEWT) is correct for this meaning.

DISPUTE (dis PEWT) means to argue about; debate. To question the validity, genuineness of, etc.

CONFUTE means to overwhelm with proofs or disproofs; to prove (a person) to be in the wrong; confound.

The Diplomatic Pouch

Washington, D. C.--The following letters were recently answered by the Department of State:

Prisoners of War

What is our Government doing to help U.S. prisoners of war in Southeast Asia?
S.L.N.
Syracuse, N.Y.

Dear S.L.N.:

The United States lists nearly 1600 military personnel as missing in action or captured in Southeast Asia. in addition, over 50 civilians, some of them journalists, are missing or captured. Recently, Hanoi has released trickles of information about POW's held in North Viet-Nam and has increased somewhat the flow of mail to and from them. However, virtually no information has been received regarding any POW's held in South Viet-Nam, Laos, and Cambodia, nor have letters been received from men held in those areas. Official and private efforts on behalf of these men have been rebuffed repeatedly by the Communist authorities, who continue to claim that U.S. POW's are "war criminals" and thus not entitled to POW status. This claim, of course, has no validity whatsoever.

Despite these discouragements, the United States is using every available channel to encourage North Viet-Nam to fulfill its obligations as a party to the 1949 Geneva Convention on Prisoners of War. These channels include the Paris peace talks, the United Nations, the International Committee of the Red Cross, and third party governments.

We have also maintained liaison with concerned organizations and individuals, including wives and other relatives of U.S. POW's and missing persons, as well as with the Vatican through the President's personal representative, former Ambassador Henry Cabot Lodge. In August 1970, the President sent astronaut Frank Borman as his Special Representative on Prisoners of War on a round-the-world mission to seek assistance in securing humane treatment for American POW's in Southeast Asia.

"Soviet Life"

Could you tell me anything about the magazine entitled "Soviet Life," which I understand is distributed in this country by reciprocal agreement between the United States and the Soviet Union? The contents seem so watered down that I wonder whether it gives a true picture of conditions in the Soviet Union today.
V.K.
Columbia, Mo.

Dear V.K.:

"Soviet Life" is an official Soviet Government publication published and distributed in the United States. In return for permitting the distribution of the magazine here, we are permitted by the Soviet Government to distribute the Russian-language monthly, "Amerika," in the Soviet Union.

You are undoubtedly justified in wondering whether "Soviet Life" accurately reflects living conditions in the USSR today. As a Soviet Government publication, it can be expected to portray the Soviet Union in as favorable a light as possible. Nevertheless, the magazine does contain some interesting information about the Soviet Union, and it is always of some value to learn how the Soviets choose to present their society to others.

Do you have an inquiry about U.S. foreign policy? Send it to:

"The Diplomatic Pouch"

Washington, D.C. 20520

Wood Workable

Wood is a renewable resource that can be made into building materials with a small input of energy—heat and power. Compare this to non-renewable metals and plastics, which require quantities of heat for smelting and power for shaping.

MISS PEACH says:

CAMERON'S PARADE OF SPORTS

THEY START YOUNG in Milam County when it comes to deer hunting. Here Ricky Williams, son of Mr. and Mrs. Richard Williams of Cameron shows the 7-point buck he shot Dec. 19 back in his "young days" in 1964. He was nine years old then, and had been going hunting since he was six. This weekend, Ricky's mother joined the ranks of "hunters widows" as dad, Ricky, and young brother Tom left for the Hill Country. This will be the 10-year-old Tom's first year to try for his buck.

MRS. BERNARD LOUIS STUCKLY

Benard Stuckly Weds Miss Sevcik Saturday

SS Cyril and Methodius Catholic Church in Marak was the setting for the Saturday afternoon wedding of Miss Cecilia Ann Sevcik and Bernard Louis Stuckly.

The Rev. George Tydlacka officiated at the double ring ceremony and Miss Marcia Barkemeyer was organist.

The bride is the daughter of Mr. and Mrs. Joe A. Sevcik of Buckholts and the groom is the son of Mrs. Hattie Stuckly of Granger.

Given in marriage by her father, the bride wore a formal gown of chantilly lace over peau de soie, designed by her mother. The fitted bodice was accented with pearls and scallops to form the portrait neckline. Long fitted lace sleeves fell to tapered points and were accented with seed pearls. A detachable train of beaded lace fell from two soft lace bows at the shoulders. Her veil of illusion draped from a crown of lace petals and rosebuds.

She carried a bouquet of white carnations centered with a white orchid. She also carried a linen crocheted handkerchief given to her by Mrs. John F. Knapek, Sr. Her jewelry was a white gold watch, a gift from the groom.

Mrs. George Knapek was her sister's matron of honor. Bridesmaids were Miss Patsy Sevcik of El Campo, Miss Colleen Tomek of Killeen, Miss Julia Vaculin of Cameron and Miss Joy Stuckly of Granger. Flower girl was Miss Denise Zarosky of Cameron.

George Knapek of Granger served as bestman. Groomsmen were Eugene Stuckly, Raymond Stuckly, Bobby Stuckly, all of Granger, and Joseph Vaculin of Cameron.

Michel Stefek of Taylor was ring bearer.

Ushers were Daniel Stuckly of Austin and Donald Sevcik of El Campo. Serving as altar boys were Gerald Tomek and Raymond Tomek, both of Marak.

After the ceremony a reception and supper honored the couple at Marak Parish Hall. Miss Sherry Zarosky of Cameron and Miss Judy Tomek of Killeen registered the guests. Also in the houseparty were Mrs. Edward Sevcik of College Station, Miss Elizabeth Hubnik of Marak, Miss Irene Polasek of Sinton and Miss Pamela Martinka of Bartlett.

Music for dancing in the evening was provided by the Temple Rythm Masters.

The bride is a graduate of Buckholts High School and attended Temple Junior College. Mr. Stuckly is a graduate of Granger High School, attended Mary Hardin Baylor College and is employed as a carpenter.

After a short wedding trip, the couple will make their home in Granger.

St. Monica's Ladies Meet

The St. Monica's Society held its regular monthly meeting Tuesday, November 10. It was reported that seven Ladies helped with the Cameron United Fund drive.

Final plans were discussed for preparing and serving the 4-H Awards Banquet on Nov. 14. Mrs. Frank Hanel was chairman for the banquet.

The members were reminded that it is time again for the annual Thanksgiving clothing drive which will be held during the last week of November.

On December 6 Milam County will have a countywide measles immunization to be held from 1 to 5 p.m. at Simon George Hall. It will be for children ages 1 to 10 for rubella (German measles). Parents should see that their children get these free vaccination shots.

Ladies of the Society have volunteered their services to help conduct the immunization program.

The meeting closed with prayer.

History Club Has Program On Japan

The Cameron History Club met Tuesday, November 10, at the home of Miss Maurine House for a program on Japan.

Preceding the program John Bent Sutter, representing the National Honor Society of Yoe High School, asked club members to participate in a letter writing campaign to heads of the North Vietnam government in the interest of prisoners of war in North Vietnam. Letters written by club members will be sent directly, or may be brought to the next meeting, to be sent in a bundle.

Mrs. John Rosson, History Club president, introduced the program with a short history taken from the book "Enjoy Japan" by Walt Sheldon.

Miss Susan Rosson, speaker for the afternoon, showed slides of her trip to Japan. Miss Rosson highlighted the program with short personal experiences accompanying each slide. The trip included stops in Hong Kong Taiwan and a few hours in Saigon.

BOOKS *for your* CHILDREN

An Englishman once complained that Americans speak the common tongue in reverse: "I was at my hotel window when someone shouted 'Look out below'. I quickly looked out the window and a paint brush dropped on my head."

The English are also amused that we say "soccer" for the game they know as football. When you consider that the European game is primarily a kicking game and that American football relies more on carrying and passing, the point is valid.

One point about our football that is valid is the willingness of young Americans to read books about the game. Remedial reading workers often induce their charges to read sports books, and when the football season begins to make news, books on football heroes are useful. If you house an athlete more willing to scrimmage than read, make your own end run to the library and bring home football books. Place them in strategic locations, and just maybe he will (excuse, please) tackle one or two. Here's a selection:

Joe Namath, a Football Legend by David Lipman. Broadway Joe is not the clean cut All American boy, but he is an outstanding personality. The author emphasizes Namath's impoverished boyhood, his friendships, and his football triumphs at the University of Alabama. This is a book about a football great for young football fans; it was written just as Namath entered professional football and before he garnered other headlines.

The Glory Runners, by Al Hirshberg. Profiles of twenty-two of the all-time great college backs, some of whom went on to greater glory in professional football. Old timers Red Grange, Jim Thorpe, and the Four Horsemen are here, as well as Whizzer White (later a Supreme Court Justice), and several names still showing up in the sports pages.

The Johnny Unitas Story by Lee Greene. The life story of the durable quarterback of the Baltimore Colts.

The Greatest Packers of Them All by Chuck Johnson. An admirable account of the men who made the Packers one of the most successful teams in pro football. Accurate, interesting, salient profiles of the Packers from coach Lombardi to stars such as Bart Starr and Jerry Kramer.

Jim Brown, The Running Back by Larry Klein. Coupled with Brown's biography the author gives a very direct assessment of players, coaches and football strategy. By personal interviews and use of anecdotes Klein brings out Brown as an intelligent athlete who brought a businessman's attitude to a commercial sport.

The Pro Quarterbacks by John Devaney. Here, as the title suggests, the author writes about the professional careers of the great backs. Interspersed with good action scenes, Devaney points out that the outstanding player usually has to expect to pay some price for his greatness.

Pro Football's Unforgettable Games by George Sullivan. Twelve of the most exciting games, from the 1929 Giants-Cardinals game, played before half-empty stands, to the classic scrap between the New York Jets and the Buffalo Bills.

St. Edward's Hosts MT's

St. Edwards Hospital staff were hosts for the District 12 meeting of the Medical Technologists Society Thursday.

Guest speaker for the meeting was Dr. C. R. Ratliff of Scott and White Hospital, Temple. His subject was Parasetology.

Thirty - five members from Waco, Marlin, Temple and surrounding areas attended the meeting. Dr. Jim Gulleland of Waco, consultant Chemist for St. Edward Hospital was a special guest.

Make A Holiday Apron

Electronic kitchens and convenience foods may have revolutionized the world of cooking, but one thing they haven't replaced — yet — is the apron.

It's still required fashion for every cook — regardless of age, sex, or menu, which probably explains why the apron remains the most popular item for bazaars or gift-giving. What's more, it's easy and fun to make.

If sewing time is limited, try your hand at a "quickie" apron. The recipe calls for one cotton terry hand towel, two yards of gold metallic trim, three yards of ribbon, and two gold frog closures.

Choose a bright red or green towel for an apron with a holiday air, and make it festive with gold trim. Start by folding a two-inch vertical pleat down each side of the towel front. Stitch pleats nine inches down from the towel top to form a bib-like apron top.

Tack an 18-inch strip of ribbon at the top corners of the bib for a neck strap. Add ribbon waist ties under frog closures at the end of each pleat.

For a decorative look, stitch ribbon over the towel bands at the top and bottom of the apron. Sew a strip of metallic trim across the ribbon, and then add single rows of trim above and below the ribbon to complete the apron.

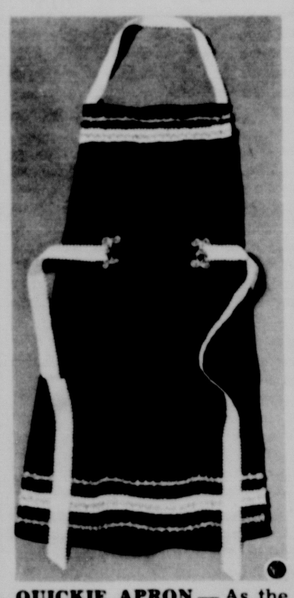
A towel gift sure to please the youngest of cooks is a Santa's helper apron.

Adorned with a Santa bib, it can be made from a yard of red or green cotton fabric. Make your own simple pattern from paper, cutting it dress-length with a curved bib section. Stitch waist ties and neck strap to the apron while hemming the edges.

Use white cotton ruffling to give Santa unique eyebrows and a beard. Trim the hat with fringe balls and gold metallic trim. Finish upper and lower edges of the apron with gold braid.

Now make a large Santa's head to adorn the apron front. Cut a rounded face from pink cotton satin, and a shaped hat from white cloth. Pin in place, locating the top of the hat about two inches down from the center of the bib top. Stitch on button eyes and red ball fringe for facial features.

FOR SANTA'S YOUNG HELPER—Dress her in this cheery Santa Claus apron and just try to keep her out of the kitchen! Made from bright red cotton fabric, the apron is appliqued with a huge Santa head cut from pink cotton satin and white corduroy. Wright's butterfly ruffling is used for eyebrows and a beard, and facial features are made from cotton ball fringe. Upper and lower edges of the apron are finished in gold braid.



QUICKIE APRON—As the name implies, this holiday apron can be made in minutes. It's fashioned from a red or green cotton terry hand towel and given a festive air with Wright's metallic gold trim, frog closures, and ribbon.

Hang Shelves High Off Garage Frame

You can utilize upper space in a garage with exposed rafters by nailing hanging shelves from the rafters.

Frame with 1x6-inch boards or wider and inset shelves the same width on 1x1-inch shelf supports.

Mrs. Julia McCollum of Cameron visited Mrs. J.T. Prescott and Jake Tuesday evening.

MH-B Invites Pastors To Workshop

"Technology and Christian Values" is the theme of the workshop for all area ministers at Mary Hardin-Baylor on November 16.

Dr. John B. Davidson, Professor of Religion at Baylor University will direct the workshop, which is jointly sponsored by the Department of Development and the Division of Continuing Education at the college.

There will be no charge for participants of the workshop and lunch will be provided. The program will begin at 10 a.m. and ends at 3 p.m., and will be held in Hardy Hall on the college campus.

The workshop is open to pastors of all faiths, according to college officials.

Dimension's Booked For Waco Show

Tickets are still available for the Nov. 20 Baylor University performances by the popular vocal group, the Fifth Dimension.

The group will offer shows at 6:30 and 9 p.m. in Waco Hall on the Baylor campus.

Lower floor and lower balcony tickets are $4 and 5. Upper balcony tickets are $3. More tickets remain for the early performance, but sales are steady and tickets should be bought at the earliest opportunity, Mrs. L. H. York, assistant director of the Baylor Student Union, said.

Mail order requests should be directed to Mrs. York, Director's Office, Baylor Student Union, Baylor University, Waco, Texas 76703. Stamped, self-addressed envelopes should accompany ticket requests, and checks should be made payable to Baylor Student Union.

Considered one of the world's top vocal groups today, the Fifth Dimension acquired this reputation almost immediately after their start three years ago.

The group achieved international popularity when they recorded "Up, Up and Away," written by song writer and friend, Jim Webb. The record earned four Grammy Awards as Record of the Year, Best Performance by a Vocal Group, Best Contemporary Single and Best Contemporary Group Performance.

1970 YOE FRESHMEN - Front row, from left: Craig Friemel, David Wilson, Ricky Sapp, Gary Fuchs, David Fikes, Marvin Parker, Ignacio Fausto. Top row, Coach Price Minter, Mark Jeter, David Hollas, Rock Thweatt, John Barron, George Whiteside, Coach Ernie Laurence.

RHS News

Faith Springer, senior of Rogers High School has been chosen and crowned Band Sweetheart of the high school band for 1970-71. She was chosen by the Band, under the direction of Robert White. She is the daughter of Mr. and Mrs. Kenneth Springer of Rogers.

Faith has been a band twirler for four years, and head twirler for two years. She is active in the Student Council, Medical Careers Club, Future Homemakers of America, school paper staff, and a class officer for three years, vice president of the Senior Class.

Gail Hughling has been chosen and crowned as the Rogers High School Pep Squad Favorite for 1970-71. The sponsor is Miss Karrie Sue Isbell. Gail is the daughter of Mr. and Mrs. G. H. Hughling of Rogers and is a Senior.

Gail has been in the Pep Squad through high school, and a cheer leader for two years. She is Student Council president this year, is active in the Future Homemakers of America and the Medical Careers Club. Gail was 1969 Homecoming Queen and also represented the Rogers Community Service Club as a princess in the 4th of July celebration at Belton one summer.

Sherry Lynn Cannon has been chosen as the DAR girl of RHS for 1970-71. Sherry is the daughter of Mr. and Mrs. M. H. Cannon of Rogers and is a senior.

Nominations for the honor were made by the Senior Class and the final selection was made by the high school faculty.

Sherry is vice-president of the Rogers High School chapter of the National Honor Society, assistant editor of the Annual staff, and is a typist on the school paper staff.

Sherry will compete in the state contest of the Daughters of the American Revolution. Scholarships will be given at the state level for the winner.

Michalka In Top 2 For Natl. Merit

Denise Michalka, a Reicher High School student, has received a letter of commendation for high performance on the 1970 National Merit Scholarship qualifying test.

Michalka is the daughter of Mr. and Mrs. R. E. Michalka of Waco and the granddaughter of Mr. and Mrs. E. H. Boedeker of Route 1 Cameron and Mrs. F. A. Michalka, 717 S. College, Cameron.

Denise, along with two other Reicher students, scored in the upper 2 percent nationally of students who are expected to graduate from high school in 1971.

Edward C. Smith, president of NMSC said in the commendation "Their standing in this nationwide program deserves public recognition. Their high performance on the NMSQT gives promise of continued success in college."

The commended students' names are reported to certain scholarship - granting agencies and to the colleges named as their first and second choices when they took the NMSQT in February.

Denise's mother, the former Gertrude Boedeker, taught mathematics at C. H. Yoe High School.

Auction Set Saturday On State Items

Typewriters, automobiles and two-way radios are just a few of the items included in the State of Texas Fourth Public Auction at 10 a.m. Saturday, November 21, in Austin's City Coliseum, H. A. Foerster, Executive Director, State Board of Control, announced.

Complete auction lists are available from the Board of Control, 9th Floor, The Finance Building, 111 East 17th Street, Austin, Texas. Other than state surplus property already mentioned the auctioneer will sell to the highest bidder outboard motors, boats, trucks, motorcycles, surveying instruments, filing cabinets, desk lamps, adding machines, oscilating fans and printing calculators.

Terms of the auction are cash on the day of the sale. Personnel from the Nelson International Company will act as auctioneers for the State of Texas.

Texas' Board of Control is a unique State agency in that it is a service organization charged with a multitude of activities for all State agencies and the people of Texas.

Foerster explained that one of the main functions of the Board of Control was to act as the central purchasing agent for all State Departments. Last year, he said, purchases totaled more than $160,000,000. This total included such things as repairs for the McDonald Observatory, pure bred cows for the West Texas State University, hundreds of school buses and millions of sheets of paper for all agencies.

Market Report

Cattle and calves receipts Thursday at Cameron Livestock Auction totaled 950, compared to 1000 last week and 1050 a year ago.

Prices compared to the close of last week with slaughter cows and bulls steady to 50 lower. Slaughter calves steady, feeder steers steady to 50 lower.

Steer calves uneven - 350 lbs down fully 50 higher; 350 lbs up steady to 50 lower. Feeder heifers steady to 50 higher; Heifer calves steady - spots 50 higher, demand good.

Run included around 87 percent feeder cattle and calves, 7 percent slaughter cows, remainder mostly slaughter calves.

Hogs totaled 315 head with barrows and gilts 50 to 75 higher and sows 50 to 1.00 higher.

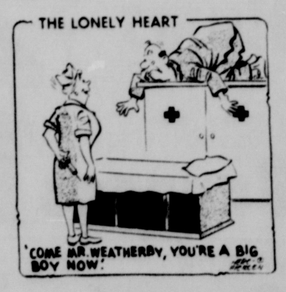
Baptists To Show Film On Israel

"His Land," a one-hour color film on Israel will be shown at the First Baptist Church at 7:30 p.m. Wednesday, November 18.

The film, which has been called "a musical journey into the soul of a nation," stars Cliff Barrows and Cliff Richard, of England.

The motion picture shows the story of Israel from ancient to modern times and features a musical score composed and arranged by Ralph Carmichael.

Rev. J. E. Lafferty, pastor of First Baptist, said the public is cordially invited to attend.



NEWS for OUTDOORSMEN

...by VERN SANFORD

Several years ago, I was fishing near an angler who made extremely long casts. His boat was far from shore and he was whipping himself to death trying to drop his lure close to the bank.

Occasionally he caught a bass. Then he fought that bass through 50 yards of good bass water. This of course can ruin the area for further fishing . . . at least for the time being.

Actually, he was so far out that his fish had many opportunities to get entangled in submerged brush—and did.

At times long casts are fine—such as working with trout and red fish on the coast. But, for fresh water fishing a cast over 50 feet usually is useless. If you keep within this distance you don't disturb much water, or scare away many fish.

Rod Makes Difference

Some good fishermen insist on making long casts. But most of these distance shots are for show. A light-action rod puts the lure there, but when a fish hits, that same light-action rod will bend almost double getting him in—providing you're lucky enough to set the hook in time.

Naturally, the farther away the lure the longer it takes to firmly set the hook. A split second sometimes determines whether or not you latch on to the lunker or he expels the hook.

It is much easier to set the hook with a medium action rod, although most of us favor the light action one for casting.

On the other hand, a light rod is just **no bueno** for worm fishing. Neither is a long rod! Most of the best worm fishermen prefer a stick about five feet long and not over five and a half feet. This gives them a rod with sufficient backbone to set the hook and get that big old bass to the top as quickly as possible.

Where Long Casts Help

When fishing from the shore, longer casts may be helpful. In fact, most of the time you'll need to put the lure out close to a weed bed or to a point, or just beyond a drop-off.

Sometimes those who fish standing in the boat find it to their advantage to make a long cast. This is particularly true if the water is gin-clear and very calm.

New Loan Program For GI's Ready

Millions of veterans will get a renewed opportunity to use their GI loan benefits whenever conditions are favorable to them as a result of the bill the President signed recently, Jack Coker, Director of the Veterans Administration Regional Office in Waco explained today.

The new law (PL 91-506) restores unused, expired loan benefits to 8.9 million World War II and Korean Conflict veterans, and extends these same benefits indefinitely for approximately 7.5 million other veterans who served after January 31, 1955.

Coker noted that before the law was enacted, veterans had to use their loan benefits before an expiration date.

One other provision of PL 91-506, which became effective October 23, eliminates a VA funding fee of .5 percent on guaranteed and direct loans to Post Korean veterans.

Another provision authorizes VA to make direct loans anywhere in the country to an eligible veteran who has a service-connected permanent and total disability and who has received a grant for specially adapted housing.

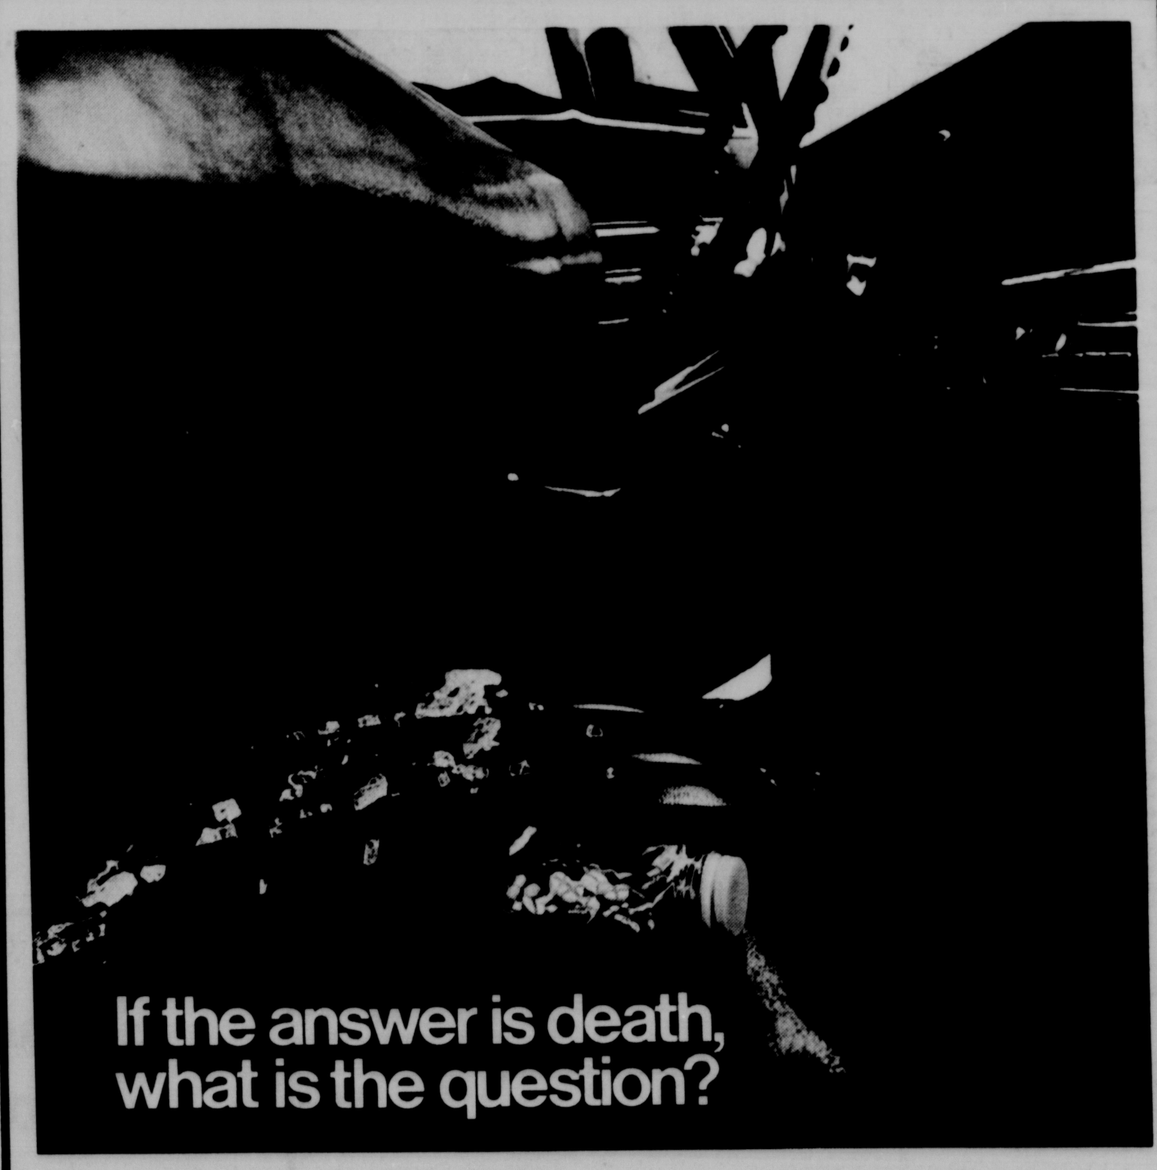
A provision authorizing VA to finance mobile homes for veterans and servicemen becomes effective December 22.

Lone Star Declares Quarterly Dividend

Directors of Lone Star Gas Company at Dallas today declared a regular quarterly dividend of 31 cents per share on common stock payable December 7, 1970 to shareholders of record November 20, 1970.

The dividend closely followed reported record per share earnings of $1.97 for the 12 months ended September 30. Net income for the same period rose 37 percent to $28,968,000 on total operating revenues of approximately $256 million.

Cannibals of the South Sea used forks-- but only to devour their victims. Their religious cult did not permit them to eat human flesh with their fingers.



Some people have begun to question whether many drugs and narcotics are really harmful.

Do they actually cause psychological and physical damage?

What is the answer?

On the highway, the answer is death. Death for the innocent as well as the guilty. And month by month the casualty list grows longer. As more and more pill-poppers, speed freaks and junkies get behind the wheel. For a short ride.

We believe it is time for answers in the form of action. Not questions.

Parents should join civic groups concerned with the narcotics problem. They must get the no-nonsense facts about drugs to discuss with their teenagers. They should urge their local school boards to introduce classes on drug abuse. And they should press their elected representatives for new legislation to help our police in their efforts to halt the drug traffic—on and off the highways.

These are the kind of answers we need.

Now, what was the question?

LEGAL NOTICE—

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Anthony Cole, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of December A.D. 1970, to Plaintiff's Petition filed in said court, on the 1st day of April A. D. 1970, in this cause, numbered 16,199 on the docket of said court and styled Barbara Cole, Plaintiff, vs. Anthony Cole Defendant,

A brief statement of the nature of this suit is as follows, to-wit: A petition for divorce alleging that the marriage has become insupportable because of discord and conflict of personalities that destroys the legitimate ends of the marriage relationship and prevents any reasonable expectation of reconciliation. as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Cameron, Texas, this the 4th, day of October A.D. 1970.

Attest: Grady Allen Clerk,
District Court
Milam County, Texas

Freshmen Take RR For Top District Slot

Thursday night at Yoe Field the Cameron Freshmen wrapped up the district championship by downing Round Rock 34-16. Both teams were 3-0 in 20AA district play prior to kickoff.

The two teams scored on their first possessions in the opening minutes of the game. Round Rock scored first on a 10 yard scamper by halfback Watts. The try for conversion failed and the Dragons led 6-0.

David Hollas then scored the first of his four TDs for the night on a 5 yard run. He also added the extra two and the Yoemen led 8-6 with just four minutes gone in the first quarter.

Hollas got his second touchdown on a 2 yard plunge to put the Yoe fish ahead 14-6 with the try for extra points failing.

Watts again raised the Dragons' hopes as he streaked 63 yards for RR's second TD. The PAT was good and tied the score 14-14 just before halftime.

Third quarter action saw the Yoe center snap the ball out of the end zone for a safety and RR held that 2 point edge until the fourth quarter.

With the Dragons leading 16-14 Hollas scored his third TD on a 5 yard scamper. John Barron hit Marvin Parker for the two and the Yoemen led 22-16.

The freshmen's final scores were made on a 3 yard Hollas run and by George Whiteside picking off a Dragon aerial and going the final 5 yards.

The freshmen ended a fine season with a 7-2 record and the top slot in district.

Milam Medical Society Plans Rubella Clinics

Two rubella vaccine clinics in Milam county will give free immunizations to children age 1 through 10 on Sunday, December 6. The Milam County Medical Society through the Texas State Department of Health are sponsoring the free clinics.

Vaccines will be administered between 1 and 5 p.m. at Simon-George Hall in Cameron and in the Rockdale elementary school cafetorium.

Dr. C. G. Swift, co-chairman for the clinics said the vaccine is for rubella (commonly called German or 3-day measles) and should not be confused with the vaccine that has been offered in the past few years for regular 'red' or '10-day' measles which does not protect against rubella.

Dr. Swift said the vaccine will be administered with the virtually painless 'jet injector.' It is recommended for all children 1 through 10 even though a child has already had the disease.

Exceptions to this would be children who have:

1. Already received rubella vaccine;

2. Children sick with high fever on the day of the clinic;

3. Children who are allergic to chickens or ducks or their eggs and feathers, dogs, rabbits and neomycin;

4. Children who are being treated for cancer or leukemia.

Registration forms for the rubella vaccination clinics will be distributed through the schools in Milam County and will be available at the Milam County Health Unit office in Cameron.

Local Boards Receiving December Draft Quotas

AUSTIN

The December draft call for Texas is 489, and local boards will fill the call with men with random sequence numbers 1 through 160, insofar as possible, Colonel Charles M. Duncan, acting state Selective Service director, said Monday.

He stated, however, that this does not mean that registrants with numbers higher than 160 may not be needed by some local boards.

Colonel Duncan stressed that under the new Executive Order signed by the President September 26, 1970, all men in I-A, I-A-O, or I-O on December 31, 1970, with numbers lower than the high number reached this calendar year by their own local boards will be assigned to the Extended Priority Selection Group to be called during the first quarter of 1971.

Those with a higher number than the high number reached will be assigned to the Second Priority Group in 1971.

The Texas December draft quota of 489 is the state's share of a national quota for 7,000 men, all for the army. December inductions will occur December 1 through 17.

The state quota for pre-induction physical and mental examinations in December is 3,376. Men sent for these examinations will be limited to those with random sequence numbers 1 through 195 from the drawing in December 1969 and numbers 1 through 100, from the July 1970 drawing for those born in 1951.

All volunteers at the draft boards must be inducted ahead of the non-volunteers selected and ordered to report for induction by random sequence number.

Local board quotas for induction and pre-induction examination in December were scheduled to be mailed to the state's 159 boards Monday, November 9.

Committee To Study Vo-ed Needs

Max McClaren, Milam County School Supt.-elect, has been named to a special vocational advisory committee by the Region VI Education Service Center.

The committee will help determine the needs and means of implementing vocational education within public schools determine the role the Center should play in assisting schools develop programs.

The advisory committee will include representatives from public schools, businessmen, industrial leaders, lawmakers, higher education, and local governments.

Committee members will meet at 6:30 p.m. Tuesday, November 17 at Lowman Student Center in Huntsville for initial organization and discussion.

Christmas Parade Set In Bryan-CS

Plans have been completed for the Bryan - College Station Chamber of Commerce 1970 Christmas Parade. Claude Dobbins will serve as Parade Marshal with John Green and Sammy Russo serving as Assistant Parade Marshals.

This annual event has been set for Thursday, December 3, at 7p.m. in downtown Bryan.

Entry forms, along with rules and regulations for floats and drill team entrants, are available at the Chamber Office.

Band entries are by invitation only and 15 bands are expected to participate in the parade. There is no entry fee and deadline for entry is November 27.

Everyone is urged to begin preparing their floats for entry in the parade and reminded that the Chamber of Commerce float will be the official Santa Claus float and no other Santas will be permitted in the parade.

Floats will be judged in two categories. First through fourth prizes will be awarded to floats entered in the religious category and first through fourth prizes awarded to floats depicting a theme other than religious.

Badgerettes Win Two; Will Play Rogers Monday

The Buckholts Badgerettes A and B teams played the Bruceville-Eddy A and B teams Monday night in Badger Gym.

The B team beat the Eagles 30-23.

High pointer for the Badgerettes was Jessie Webb with 20. Lanell Allison had 6 and Marcia Barkemeyer had 4.

High pointer for Bruceville-Eddy was Diane Clark with 14.

The A team stands now 4-1 in the season by defeating the Eagles 36-29.

Becky Beckhusen and Martha Vaculin tied for high point honors with 14. Debra McNeill had 6 and Debra Ruzicka had 2 for the Badgerettes.

High point for the Eagles was Camille Bostich with 16.

The next game for the Badgerettes will be Monday (today), November 16 in the Buckholts Gym. They will be seeking their revenge against the Rogers Eagles who previously broke the Badgerettes' winning streak.

Falls Farmers Union To Hear Rep. Kubiak In Rosebud Tuesday

State Rep. Dan Kubiak of Rockdale will address the Falls County Farmers Union at 7 p.m. Tuesday, November 17, in the Rosebud High School cafeteria. He will speak on "What's Ahead for the 62nd Legislature."

Some of the controversial bills to be introduced early in the session will include:

Aid to private and parochial schools;

Re-structure the property tax assessments for school districts in the State of Texas;

Minimize the punishment for possessors of marijuana and increased punishment for the pushers thereof;

Allow teachers to negotiate lifetime contracts;

Liberalize abortion laws in Texas;

Require insurance companies to use investment income in computing automobile insurance rates;

Provide equal rights for women.

When not molested the trumpeter swan, which almost became extinct, has a life span of 30 years.

Now
With F.M.L.

When one wonders why men do things, there is possibly a reason in the line sung by Don Quixote in the musicale "Man of LaMancha".

"I am I, Don Quixote, the Lord of LaMancha" says he, an old man living a vision, jousting windmills for knights and questing "an impossible dream."

Theologians and philosophers write volumes on such egoism or in this case autumn madness. The singular act, finally, requires only singular justification.

The need for unity is a quest that drives men in nature and men among men. It is the source for religion and justification, of kinship toward God and every living thing.

How many times might one wonder if what happens to him or what he does is real? If, perhaps, what is his lot is not a dream and even pinching 'til it hurts fails to convince him it all may go away? If a sense of heaven is not interchangeble with a desire to be one, alone, yet part of One, together?

One is born apart, a continuation of birth, of generation, of eon, of immeasureable time. One is born, screaming and hopefully healthy; one lives under compulsion to continue the line; one dies after full life if only one part of the whole is enfeebled.

Out of madness, Don Quixote thrusts himself into an insane world. Out of sanity, his world laughs at insanity and mourns in him its passing.

Who is right? Or is it not part of one: no demarcation is clear between real and unreal, anymore than borders are drawn on the ground as they are on maps.

Don Quixote fuses fantasy, both real and unreal, confusing those who call him mad. In an off moment, however, they might wish his affliction theirs.

He raises the question: "Are they not afflicted too?"

And a spark of inspiration, or madness, is what brings off another vision of reality, a condition which does not exist, but remotely is creatable. And it brings action, out of context but action which galvanizes the inert into new form, possibly new life. Even if only in a dream sung of and laughed at.

Don Quixote affects the real by being there, mad and driven for what is unattainable, for the time, but whose madness has beauty and more meaning than reality known too well.

And off he goes, to joust a windmill and save a maiden, herself conviced debauch is reality, but at one left weeping at an old man's challenge toward some etherial grace.

"I am I, Don Quixote," sings the lord, and his sheer belief in a dream is a reality which inspires a new form of reality, perhaps only slightly better, but better.

Work Stops Delay Units 8½ Months

Cameron Housing Units, under construction since June 1969, are about 95 percent complete according to August Kunz, chairman of the Cameron Housing Authority.

A community building on West 6th Street and 36 units designed for elderly residents, were virtually complete this week with the exception of landscaping which Kunz said would probably be delayed until spring. Interior work was being completed on the 14 family size units added to the East Housing Project.

Applicants for the units exceed the number that will be available, however Fred Starnes, CHA manager, said some of these applicants had made other housing arrangements since the 8 1/2 month delay in completing the project.

First funded for $753,522 in February 1967, bids were taken in 1968, but were all higher than the money alloted. An additional goverment grant was awarded in March 1969 in the amount of $52,216. Barker Construction Co. was awarded the contract that same month and clearing work started in April.

Construction was originally to have been completed in February 1970, but work stops including a 4 1/2 month strike by bricklayers, delayed completion.

Kunz said they did not have a completion date at this time, but were in contact with the contractor and it appeared that work was about finished. He said he could not comment on the $100 a day penalty clause that would have been in effect since February in the original contract.

School Board Studies New Lunch Program

Cameron school trustees in a regular meeting Thursday night discussed financial problems in the lunchrooms and appointed a committee to work on revision of the high school handbook.

The agenda also included joining the Educational Service Center and a Yoeman Booster Club proposal to install glass backboards in the high school gym.

Supt. D. R. Dodson told trustees that because of new government regulations effective September 4 of this year, Title I funds can no longer be used for the school lunch program. This is causing the lunchroom to lose money, he said.

The new regulations require that all eligible children be given a free lunch, and the school is reimbursed at the rate of 35 cents per lunch.

Dodson said the lunchroom lost about $6000 during the first two months of school, however he said the first month or two are always more expensive because staple items have to be stocked.

If the new regulations remain in effect after this school year, Supt. Dodson said, the school will either have to increase the price on lunches or put the lunchroom on a purely commercial basis, with no government funds.

The superintendent said the latter alternative would probably mean having hungry children in school, since the school lunch is the only good meal a day for many children, especially the young ones.

Further discussion was tabled for the December board meeting when a lunchroom cost report will be presented.

The Yoe High students' handbook will be reviewed and updated for next year. Appointed to work with Yoe Principal John Chubb and faculty members were Billy Hornung, Bentley Hause and Calvin Cobb.

Supt. Dodson noted that some of the handbook terminology is not clear, and schedules need to be re-worked to conform to the school's six-period day.

Board members voted to rejoin the Educational Service Center, which supplies audio - visual aids to member schools.

Members also approved a motion to share in the expense of installing glass backboards in the gym. The Yoeman Booster Club will supply the boards, goals and nets, with the school paying for installation.

GIVE THE

HERALD FOR CHRISTMAS

PECAN CROP LOOKS GOOD FOR COUNTY

Pecan harvesting is off to a good start in Milam County with estimates of a much larger crop than that of last year.

Reports from growers in the area indicate the local crop is maturing later than usual on some groves but still promises to be a good one.

Growers will get a chance to exhibit choice pecan entries in the County Pecan and Food Show, set for Saturday. The annual event was not held last year after a survey of 1967 and '68 exhibitors showed not enough pecans for a representative show.

Thousands of pounds of pecans are being shipped out of Cameron by R. B. Bagley & Sons, large independent buyer, but so far most of the pecans have come from outside the county. E. L. Byrd, representative for Bagley, said harvesting in the Georgetown and Belton areas is ahead of Milam's, but the local crop is starting to come in.

Byrd said prices are high for this early in the season, with natives bringing 37 cents a pound.

County Agent J. D. Moore said early estimates show this year's crop will be at least 50 percent better than last year's, but probably not as abundant as the 1968 crop, when 450,000 pounds of pecans were harvested in the county.

Barbecue Will Honor Highway Dept. Staff

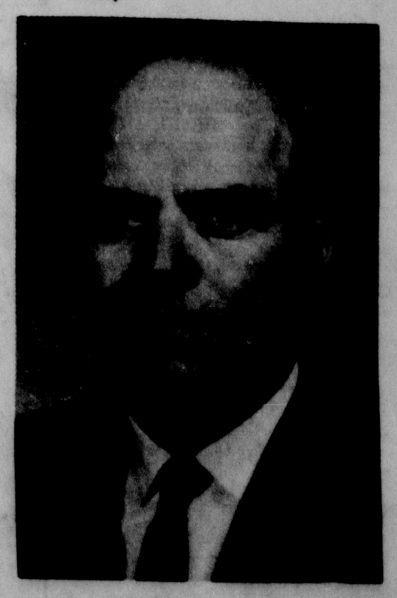
Texas Highway Department district staff members will be honored by the Cameron Chamber of Commerce Thursday, November 19. The annual barbeque will be held in the Methodist Fellowship Hall at 7:30 p.m.

Joe G. Hanover, district engineer, will review road programs now underway and those in the planning stage for Milam County.

LaVert McKinney, Chamber Highway and Good Roads committee chairman, said "Cameron is fortunate to have good highways leading in and out of our town and we take this means each year to express our appreciation for the fine job the men of the Highway Department, District 17, are doing."

Guests from the district office in Bryan will be: Hanover, Robert H. Schleider, Jr., assistant district engineer, John A. Blasienz, district construction engineer, M. A. Coleman, district administrative engineer, James O'Connell, district maintenance engineer, Robert Long, district Laboratory engineer, Carol D. Zeigler, district design engineer, E. S. Swafford, district right-of-way agent, Tommie Luster, district inspector. Guests from Hearne will be: Delton Kittrell, senior resident engineer, Frank Shenkir, senior resident engineer, Robert R. Odstrcil, assistant resident engineer and Chester Hays, assistant maintenance construction foreman. Personnel from the Milam County maintenance section will also attend as guests of the Cameron Chamber.

Tickets for the informal barbeque are on sale to the public and can be purchased from: Mrs. Floyd Stark, Buckholts, Henry Litzman, James Hudson, Forrest Sapp, Gene Smitherman, Bob Ellett, LaVert McKinney, Jim Camp or L. W. Stroup.



JOE G. HANOVER

Area Roundup

$300,000 Bond Proposed

HEARNE

Hearne City Council approved calling an election on a $300,000 bond proposal for city street and sanitation improvements. If approved in a city election the bonds would channel $125,000 into the first phase of a comprehensive storm sewer drainage project in northwest Hearne; $90,000 to improvements in the city's sanitary sewer system; $85,000 for street paving projects.

Buckholts Carnival Set

BUCKHOLTS

Buckholts High School will hold its annual Fall Carnival Thursday, November 19. Festivities including a chili supper will begin at 6 p.m. in the gymnasium. Activity booths are sponsored by 6th through 12th grades. There will be raffles, a country store, football, baseball, ping-pong, bean bag throws, a 'fish pond', cake walk and a senior class sponsored Spook House.

Volunteers Man Ambulance

CALDWELL

A 24-hour, volunteer, emergency ambulance service has been started for Caldwell and western Burleson County. The service will be called Emergency and Rescue Service, Inc. and will operate from the Goodnight Memorial Hospital. Fees paid for service will be used by the non-profit organization to purchase additional equipment and for replacement of supplies used.

Firemen's Carnival Sunday

THORNDALE

Thorndale Volunteer Fire Department and VFD Auxiliary will observe the 14th anniversary of the building of the Firemen's Hall with a carnival and dinner Sunday, November 22. Tickets will go on sale this week for the traditional turkey supper to be served beginning at 4 p.m.

AREA FOOTBALL ...

Yoemen Trip Dragons, 15-14

The Cameron Yoemen overcame a 14 point deficit and scored two last minute TD's to down Round Rock, 15-14.

Round Rock scored on their second posession of the ball game. Halfback Wayne King took a screen pass and scrambled 89 yards for Round Rock's first touchdown.

On the Dragons third possession of the night Brian Reinhardt hit King for RR's second and final TD.

King then passed to Reinhardt for the extra points and the Dragons led 14-0.

The only other scoring threat came as Yoe tackle Joe Lewis had his 19 yard field goal attempt blocked.

Round Rock led at halftime, 14-0.

The Yoemen again missed a scoring opportunity as they fumbled in the Dragon's end zone. With a first and goal Sam Knight rambled to the one only to fumble into the hands of a waiting Dragon.

Ken McLerran recovered a Round Rock fumble at the Dragon 32. From there the Yoemen drove to score with Robert Brashear getting the final yard on a quarterback sneak. Brashear then looked to throw for the extra two points and finding no one open he kept and dove into the end zone.

The Yoemen narrowed the RR lead to 14-8.

Following the Yoemen kickoff Round Rock was unable to move and was forced to punt. Jerry Richardson was on the recieving end for the Yoemen and took it in about his own 15 yard line and scampered 85 yards for Yoe's tying TD.

Joe Lewis provided the winning margin by kicking the extra point. The Yoemen lead 15-14 and clinched runner-up honors in District 20AA with a 4 and 1 record. The Yoemen ended the season with an overall 6 and 4 record.

Rosebud-Lott 12, Mart 10

The Rosebud-Lott Cougars came from behind and captured the 19AA District title by downing previously unbeaten Mart, 12-10.

The Cougars winning margin came on a 34 yard field goal by Tim Kirkscey with only 8 seconds left in the ball game.

Rosebud led early on a 26 yard field goal by Kirkscey. At halftime the score was 3-0.

Jack West booted a 28 yard field goal for Mart and tied the score, 3-3.

Rosebud's hefty halfback Luther Alexander then broke 65 yards and put the Cougars ahead, 9-3. Kirkscey's extra point attempt was blocked.

Edward Costley put Mart ahead in a 34 yard pass reception. The PAT was good and Mart led, 10-9.

The victory gave the Cougars a 10 and 0 record and a bi-district berth against 20AA winner, Georgetown.

STATS.

JV Scores 45-14 Win Over Junior Dragons

Cameron Juniors ended their season Thursday night with a convincing 45-14 win over Round Rock. The Yoemen scored in every quarter as they showed a powerful running game sparked by fine blocking.

Lonnie Hemphill brok 70 yards on a punt return for Yoe's first tally. The pass for extra points was good as Glenn Cummings hit Will Turner.

The JV couldn't score again until the second quarter when Virgil Jones carried it in with Cummings hitting Hemphill for extra points.

Hemphill then scored his second TD on a 6 yard scamper up the middle. PATs were added by Jack Chubb on the receiving end of a Cummings aerial.

At the half the Juniors had a commanding 24-0 lead.

The second half saw the Yoemen score three more TDs. Young went 40 yards for one and Will Turner scored twice on runs of 1 and 32 yards.

Donnie Tucker kicked one extra point and Allen Coleman ran for two.

Round Rock's only scoring came late in the ball game.

The JV ended their season with a 3-1 district record and 3-6 for the season.

Cage Apoplexy.....

Football is over and basketball is begun.

Cameron can look forward to another season of the sport after the grid suits are put away.

If last season is any example, Yoe cage fans can anticipate a good year on the hardwood.

Coach Ron Murdock and his charges surprised, if not shocked the cage world in this area by turning on a second-half winning streak unprecedented in modern Yoe High School history.

The 1969-70 Yoemen put basketball on par with other sports in Cameron. We are hopeful following the basketball season that Cameron's high school baseball program will take hold as well.

It is good for a high school to have a well-rounded athletic program. Murdock and the Yoemen last winter brought basketball of age and it puts interest in the winter sport where it should be.

We wish the cage Yoemen good luck in AA competition. Only one thing: Though it's good drama, don't win the district championship, if you do, in the last second. It gives apoplexy to everybody, even newspaper people.

Obituaries

Jim Gandy

Jim Gandy, 78, of Route 3 Cameron, died in a local hospital Wednesday evening.

Mr. Gandy was born April 11, 1892 in Milam County, the son of Alfred Gandy and Mary Young Gandy. He was a retired farmer.

Funeral service was held at 3 p.m. Friday at the Liberty Community Church with Rev. James E. Lafferty officiating. Burial was in the Liberty Cemetery.

He is survived by his wife, Mrs. J.D. Gandy of Route 3, Cameron; two sons, James Gandy, Jr. of Austin and Jesse Gandy of Kingsville; four daughters, Mrs. John Mayfield of San Antonio, Mrs. Kelly Smith os Mason, Mrs. John Wade of Austin and Mrs. Alvin Fail of Cameron.

Also surviving are two brothers, Sterling Gandy of Cameron and Dewey Gandy of Hobbs, N.M.; two sisters, Mrs. Joe Lankford of Austin and Mrs. Earl Campbell of San Antonio.

Also surviving are 16 grandchildren and one great great granddaughter.

Green Funeral Home was in charge of arrangements.

New to Nickel in Coinage

Thirty-five countries adopted nickel and various nickel alloys for 70 new coins in 1969.

Letters to the Editor

November 12, 1970

Dear Editor:

There is not a single drive of any type that could succeed without media cooperation. This is why we are so deeply appreciative of the splendid publicity your newspaper gave our Boy Scouts Good Turn Drive.

And the drive did succeed - thanks to your help and the work of the Boy Scouts. Over 12,000 bags were collected in the drive this year and we are still making pickups in two counties.

We find it also helps increase donations in our boxes located throughout the central Texas area. Five bags provide a day's earnings for a Goodwill worker, so you can readily see how valuable this collection can be in providing meaningful employment and rehabilitation to the handicapped in our area.

We are most grateful for your aid in this annual project. We have moved to our new plant at 1000 E. Waco Drive and you will soon be receiving information concerning an open house. Drop by and let us show you how we have expanded our facilities and services.

Sincerely,
A. P. Garrett
Executive Director
Goodwill Industries

November 11, 1970

Dear Frank:

I want to commend you for your outstanding and professional coverage of the political races this year. Because you and your staff worked diligently and gave unbiased opinions on the candidates in various races, our people were better informed on the platforms and qualifications of the candidates. Your coverage of the amendments was especially gratifying.

I am grateful for the job that you and other members of the newspaper profession are doing, for an informed citizen is the keystone in our democracy.

Sincerely yours,
Dan Kubiak

You Don't Say . . .

DISPUTE

if you mean "to prove the incorrectness of falsity of ----". "To prove (a person) to be in error".

REFUTE (ri FEWT) is correct for this meaning.

DISPUTE (dis PEWT) means to argue about; debate. To question the validity, genuineness of, etc.

CONFUTE means to overwhelm with proofs or disproofs; to prove (a person) to be in the wrong; confound.

The Diplomatic Pouch

Washington, D. C.--The following letters were recently answered by the Department of State:

Prisoners of War

What is our Government doing to help U.S. prisoners of war in Southeast Asia?

S.L.N.
Syracuse, N.Y.

Dear S.L.N.:

The United States lists nearly 1600 military personnel as missing in action or captured in Southeast Asia. In addition, over 50 civilians, some of them journalists, are missing or captured. Recently, Hanoi has released trickles of information about POW's held in North Viet-Nam and has increased somewhat the flow of mail to and from them. However, virtually no information has been received regarding any POW's held in South Viet-Nam, Laos, and Cambodia, nor have letters been received from men held in those areas. Official and private efforts on behalf of these men have been rebuffed repeatedly by the Communist authorities, who continue to claim that U.S. POW's are "war criminals" and thus not entitled to POW status. This claim, of course, has no validity whatsoever.

Despite these discouragements, the United States is using every available channel to encourage North Viet-Nam to fulfill its obligations as a party to the 1949 Geneva Convention on Prisoners of War. These channels include the Paris peace talks, the United Nations, the International Committee of the Red Cross, and third party governments.

We have also maintained liaison with concerned organizations and individuals, including wives and other relatives of U.S. POW's and missing persons, as well as with the Vatican through the President's personal representative, former Ambassador Henry Cabot Lodge. In August 1970, the President sent astronaut Frank Borman as his Special Representative on Prisoners of War on a round-the-world mission to seek assistance in securing humane treatment for American POW's in Southeast Asia.

"Soviet Life"

Could you tell me anything about the magazine entitled "Soviet Life," which I understand is distributed in this country by reciprocal agreement between the United States and the Soviet Union? The contents seem so watered down that I wonder whether it gives a true picture of conditions in the Soviet Union today.

V.K.
Columbia, Mo.

Dear V.K.:

"Soviet Life" is an official Soviet Government publication published and distributed in the United States. In return for permitting the distribution of the magazine here, we are permitted by the Soviet Government to distribute the Russian-language monthly, "Amerika," in the Soviet Union.

You are undoubtedly justified in wondering whether "Soviet Life" accurately reflects living conditions in the USSR today. As a Soviet Government publication, it can be expected to portray the Soviet Union in as favorable a light as possible. Nevertheless, the magazine does contain some interesting information about the Soviet Union, and it is always of some value to learn how the Soviets choose to present their society to others.

Do you have an inquiry about U.S. foreign policy? Send it to:

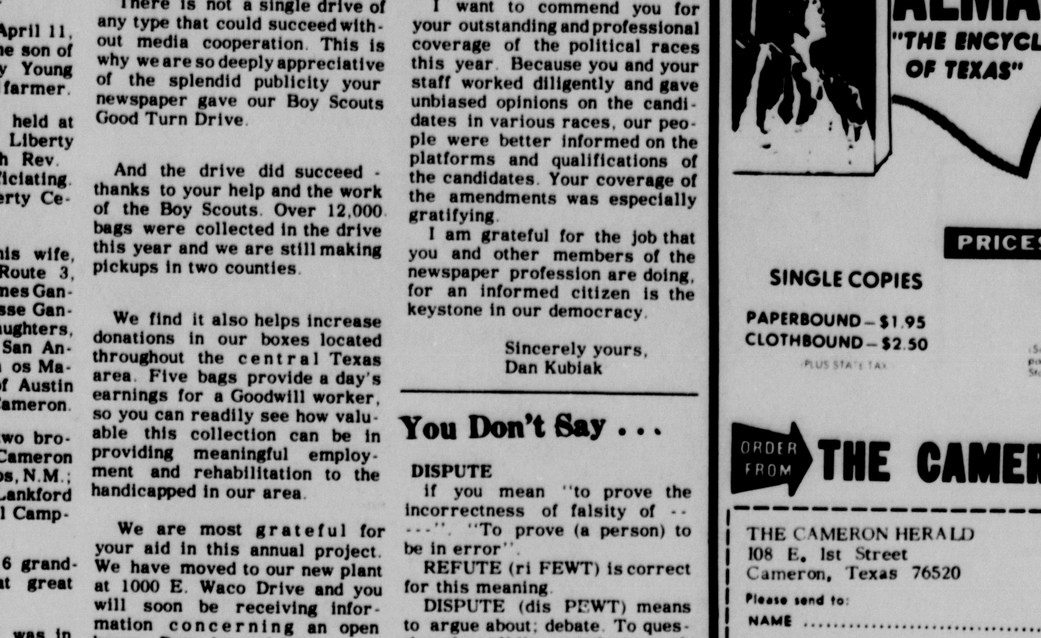
Wood Workable

Wood is a renewable resource that can be made into building materials with a small input of energy—heat and power. Compare this to non-renewable metals and plastics, which require quantities of heat for smelting and power for shaping.

MISS PEACH says:

CAMERON'S PARADE OF SPORTS



THEY START YOUNG in Milam County when it comes to deer hunting. Here Ricky Williams, son of Mr. and Mrs. Richard Williams of Cameron shows the 7-point buck he shot Dec. 19 back in his "young days" in 1964. He was nine years old then, and had been going hunting since he was six. This weekend, Ricky's mother joined the ranks of "hunters widows" as dad, Ricky, and young brother Tom left for the Hill Country. This will be the 10-year-old Tom's first year to try for his buck.

MRS. BERNARD LOUIS STUCKLY

Benard Stuckly Weds Miss Sevcik Saturday

SS Cyril and Methodius Catholic Church in Marak was the setting for the Saturday afternoon wedding of Miss Cecilia Ann Sevcik and Bernard Louis Stuckly.

The Rev. George Tydlacka officiated at the double ring ceremony and Miss Marcia Barkemeyer was organist.

The bride is the daughter of Mr. and Mrs. Joe A. Sevcik of Buckholts and the groom is the son of Mrs. Hattie Stuckly of Granger.

Given in marriage by her father, the bride wore a formal gown of chantilly lace over peau de soie, designed by her mother. The fitted bodice was accented with pearls and scallops to form the portrait neckline. Long fitted lace sleeves fell to tapered points and were accented with seed pearls. A detachable train of beaded lace fell from two soft lace bows at the shoulders. Her veil of illusion draped from a crown of lace petals and rosebuds.

She carried a bouquet of white carnations centered with a white orchid. She also carried a linen crocheted handkerchief given to her by Mrs. John F. Knapek, Sr. Her jewelry was a white gold watch, a gift from the groom.

Mrs. George Knapek was her sister's matron of honor. Bridesmaids were Miss Patsy Sevcik of El Campo, Miss Colleen Tomek of Killeen, Miss Julia Vaculin of Cameron and Miss Joy Stuckly of Granger. Flower girl was Miss Denise Zarosky of Cameron.

George Knapek of Granger served as bestman. Groomsmen were Eugene Stuckly, Raymond Stuckly, Bobby Stuckly, all of Granger, and Joseph Vaculin of Cameron.

Michel Stefek of Taylor was ring bearer.

Ushers were Daniel Stuckly of Austin and Donald Sevcik of El Campo. Serving as altar boys were Gerald Tomek and Raymond Tomek, both of Marak.

After the ceremony a reception and supper honored the couple at Marak Parish Hall. Miss Sherry Zarosky of Cameron and Miss Judy Tomek of Killeen registered the guests. Also in the houseparty were Mrs. Edward Sevcik of College Station, Miss Elizabeth Hubnik of Marak, Miss Irene Polasek of Sinton and Miss Pamela Martinka of Bartlett.

Music for dancing in the evening was provided by the Temple Rythm Masters.

The bride is a graduate of Buckholts High School and attended Temple Junior College. Mr. Stuckly is a graduate of Granger High School, attended Mary Hardin Baylor College and is employed as a carpenter.

After a short wedding trip, the couple will make their home in Granger.

St. Monica's Ladies Meet

The St. Monica's Society held its regular monthly meeting Tuesday, November 10. It was reported that seven Ladies helped with the Cameron United Fund drive.

Final plans were discussed for preparing and serving the 4-H Awards Banquet on Nov. 14. Mrs. Frank Hanel was chairman for the banquet.

The members were reminded that it is time again for the annual Thanksgiving clothing drive which will be held during the last week of November.

On December 6 Milam County will have a countywide measles immunization to be held from 1 to 5 p.m. at Simon George Hall. It will be for children ages 1 to 10 for rubella (German measles). Parents should see that their children get these free vaccination shots.

Ladies of the Society have volunteered their services to help conduct the immunization program.

The meeting closed with prayer.

History Club Has Program On Japan

The Cameron History Club met Tuesday, November 10, at the home of Miss Maurine House for a program on Japan.

Preceding the program John Bent Sutter, representing the National Honor Society of Yoe High School, asked club members to participate in a letter writing campaign to heads of the North Vietnam government in the interest of prisoners of war in North Vietnam. Letters written by club members will be sent directly, or may be brought to the next meeting, to be sent in a bundle.

Mrs. John Rosson, History Club president, introduced the program with a short history taken from the book "Enjoy Japan" by Walt Sheldon.

Miss Susan Rosson, speaker for the afternoon, showed slides of her trip to Japan. Miss Rosson highlighted the program with short personal experiences accompanying each slide. The trip included stops in Hong Kong Taiwan and a few hours in Saigon.

BOOKS *for your* CHILDREN

An Englishman once complained that Americans speak the common tongue in reverse: "I was at my hotel window when someone shouted 'Look out below'. I quickly looked out the window and a paint brush dropped on my head."

The English are also amused that we say "soccer" for the game they know as football. When you consider that the European game is primarily a kicking game and that American football relies more on carrying and passing, the point is valid.

One point about our football that is valid is the willingness of young Americans to read books about the game. Remedial reading workers often induce their charges to read sports books, and when the football season begins to make news, books on football heroes are useful. If you house an athlete more willing to scrimmage than read, make your own end run to the library and bring home football books. Place them in strategic locations, and just maybe he will (excuse, please) tackle one or two. Here's a selection:

Joe Namath, a Football Legend by David Lipman. Broadway Joe is not the clean cut All American boy, but he is an outstanding personality. The author emphasizes Namath's impoverished boyhood, his friendships, and his football triumphs at the University of Alabama. This is a book about a football great for young football fans; it was written just as Namath entered professional football and before he garnered other headlines.

The Glory Runners, by Al Hirshberg. Profiles of twenty-two of the all-time great college backs, some of whom went on to greater glory in professional football. Old timers Red Grange, Jim Thorpe, and the Four Horsemen are here, as well as Whizzer White (later a Supreme Court Justice), and several names still showing up in the sports pages.

The Johnny Unitas Story by Lee Greene. The life story of the durable quarterback of the Baltimore Colts.

The Greatest Packers of Them All by Chuck Johnson. An admirable account of the men who made the Packers one of the most successful teams in pro football. Accurate, interesting, salient profiles of the Packers from coach Lombardi to stars such as Bart Starr and Jerry Kramer.

Jim Brown, The Running Back by Larry Klein. Coupled with Brown's biography the author gives a very direct assessment of players, coaches and football strategy. By personal interviews and use of anecdotes Klein brings out Brown as an intelligent athlete who brought a businessman's attitude to a commercial sport.

The Pro Quarterbacks by John Devaney. Here, as the title suggests, the author writes about the professional careers of the great backs. Interspersed with good action scenes, Devaney points out that the outstanding player usually has to expect to pay some price for his greatness.

Pro Football's Unforgettable Games by George Sullivan. Twelve of the most exciting games, from the 1929 Giants-Cardinals game, played before half-empty stands, to the classic scrap between the New York Jets and the Buffalo Bills.

St. Edward's Hosts MT's

St. Edwards Hospital staff were hosts for the District 12 meeting of the Medical Technologists Society Thursday.

Guest speaker for the meeting was Dr. C. R. Ratliff of Scott and White Hospital, Temple. His subject was Parasetology.

Thirty - five members from Waco, Marlin, Temple and surrounding areas attended the meeting. Dr. Jim Gulleland of Waco, consultant Chemist for St. Edward Hospital was a special guest.

Make A Holiday Apron

Electronic kitchens and convenience foods may have revolutionized the world of cooking, but one thing they haven't replaced — yet — is the apron.

It's still required fashion for every cook — regardless of age, sex, or menu, which probably explains why the apron remains the most popular item for bazaars or gift-giving. What's more, it's easy and fun to make.

If sewing time is limited, try your hand at a "quickie" apron. The recipe calls for one cotton terry hand towel, two yards of gold metallic trim, three yards of ribbon, and two gold frog closures.

Choose a bright red or green towel for an apron with a holiday air, and make it festive with gold trim. Start by folding a two-inch vertical pleat down each side of the towel front. Stitch pleats nine inches down from the towel top to form a bib-like apron top.

Tack an 18-inch strip of ribbon at the top corners of the bib for a neck strap. Add ribbon waist ties under frog closures at the end of each pleat.

For a decorative look, stitch ribbon over the towel bands at the top and bottom of the apron. Sew a strip of metallic trim across the ribbon, and then add single rows of trim above and below the ribbon to complete the apron.

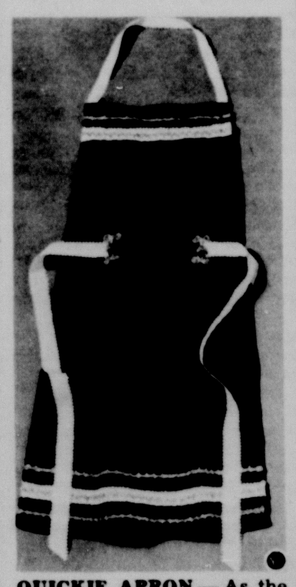
A towel gift sure to please the youngest of cooks is a Santa's helper apron.

Adorned with a Santa bib, it can be made from a yard of red or green cotton fabric. Make your own simple pattern from paper, cutting it dress-length with a curved bib section. Stitch waist ties and neck strap to the apron while hemming the edges.

Now make a large Santa's head to adorn the apron front. Cut a rounded face from pink cotton satin, and a shaped hat from white cloth. Pin in place, locating the top of the hat about two inches down from the center of the bib top. Stitch on button eyes and red ball fringe for facial features.

Use white cotton ruffling to give Santa unique eyebrows and a beard. Trim the hat with fringe balls and gold metallic trim. Finish upper and lower edges of the apron with gold braid.

FOR SANTA'S YOUNG HELPER—Dress her in this cheery Santa Claus apron and just try to keep her out of the kitchen! Made from bright red cotton fabric, the apron is appliqued with a huge Santa head cut from pink cotton satin and white corduroy. Wright's butterfly ruffling is used for eyebrows and a beard, and facial features are made from cotton ball fringe. Upper and lower edges of the apron are finished in gold braid.



QUICKIE APRON—As the name implies, this holiday apron can be made in minutes. It's fashioned from a red or green cotton terry hand towel and given a festive air with Wright's metallic gold trim, frog closures, and ribbon.

Hang Shelves High Off Garage Frame

You can utilize upper space in a garage with exposed rafters by nailing hanging shelves from the rafters.

Frame with 1x6-inch boards or wider and inset shelves the same width on 1x1-inch shelf supports.

MH-B Invites Pastors To Workshop

"Technology and Christian Values" is the theme of the workshop for all area ministers at Mary Hardin-Baylor on November 16.

Dr. John B. Davidson, Professor of Religion at Baylor University will direct the workshop, which is jointly sponsored by the Department of Development and the Division of Continuing Education at the college.

There will be no charge for participants of the workshop and lunch will be provided. The program will begin at 10 a.m. and ends at 3 p.m., and will be held in Hardy Hall on the college campus.

The workshop is open to pastors of all faiths, according to college officials.

Dimension's Booked For Waco Show

Tickets are still available for the Nov. 20 Baylor University performances by the popular vocal group, the Fifth Dimension.

The group will offer shows at 6:30 and 9 p.m. in Waco Hall on the Baylor campus.

Lower floor and lower balcony tickets are $4 and 5. Upper balcony tickets are $3. More tickets remain for the early performance, but sales are steady and tickets should be bought at the earliest opportunity, Mrs. L. H. York, assistant director of the Baylor Student Union, said.

Mail order requests should be directed to Mrs. York, Director's Office, Baylor Student Union, Baylor University, Waco, Texas 76703. Stamped, self-addressed envelopes should accompany ticket requests, and checks should be made payable to Baylor Student Union.

Considered one of the world's top vocal groups today, the Fifth Dimension acquired this reputation almost immediately after their start three years ago.

The group achieved international popularity when they recorded "Up, Up and Away," written by song writer and friend, Jim Webb. The record earned four Grammy Awards as Record of the Year, Best Performance by a Vocal Group, Best Contemporary Single and Best Contemporary Group Performance.

1970 YOE FRESHMEN - Front row, from left: Craig Friemel, David Wilson, Ricky Sapp, Gary Fuchs, David Fikes, Marvin Parker, Ignacio Fausto. RHS News

Michalka In Top 2 For Natl. Merit

Denise Michalka, a Reicher High School student, has received a letter of commendation for high performance on the 1970 National Merit Scholarship qualifying test.

Michalka is the daughter of Mr. and Mrs. R. E. Michalka of Waco and the granddaughter of Mr. and Mrs. E. H. Boedeker of Route 1 Cameron and Mrs. F. A. Michalka, 717 S. College, Cameron.

Denise, along with two other Reicher students, scored in the upper 2 percent nationally of students who are expected to graduate from high school in 1971.

Edward C. Smith, president of NMSC said in the commendation "Their standing in this nationwide program deserves public recognition. Their high performance on the NMSQT gives promise of continued success in college."

The commended students' names are reported to certain scholarship - granting agencies and to the colleges named as their first and second choices when they took the NMSQT in February.

Denise's mother, the former Gertrude Boedeker, taught mathematics at C. H. Yoe High School.

Faith Springer, senior of Rogers High School has been chosen and crowned Band Sweetheart of the high school band for 1970-71. She was chosen by the Band, under the direction of Robert White. She is the daughter of Mr. and Mrs. Kenneth Springer of Rogers.

Faith has been a band twirler for four years, and head twirler for two years. She is active in the Student Council, Medical Careers Club, Future Homemakers of America, school paper staff, and a class officer for three years, vice president of the Senior Class.

Gail Hughling has been chosen and crowned as the Rogers High School Pep Squad Favorite for 1970-71. The sponsor is Miss Karrie Sue Isbell. Gail is the daughter of Mr. and Mrs. G. H. Hughling of Rogers and is a Senior.

Gail has been in the Pep Squad through high school, and a cheer leader for two years. She is Student Council president this year, is active in the Future Homemakers of America and the Medical Careers Club. Gail was 1969 Homecoming Queen and also represented the Rogers Community Service Club as a princess in the 4th of July celebration at Belton one summer.

Sherry Lynn Cannon has been chosen as the DAR girl of RHS for 1970-71. Sherry is the daughter of Mr. and Mrs. M. H. Cannon of Rogers and is a senior.

Nominations for the honor were made by the Senior Class and the final selection was made by the high school faculty.

Sherry is vice-president of the Rogers High School chapter of the National Honor Society, assistant editor of the Annual staff, and is a typist on the school paper staff.

Sherry will compete in the state contest of the Daughters of the American Revolution. Scholarships will be given at the state level for the winner.

Auction Set Saturday On State Items

Typewriters, automobiles and two-way radios are just a few of the items included in the State of Texas Fourth Public Auction at 10 a.m. Saturday, November 21, in Austin's City Coliseum, H. A. Foerster, Executive Director, State Board of Control, announced.

Complete auction lists are available from the Board of Control, 9th Floor, The Finance Building, 111 East 17th Street, Austin, Texas. Other than state surplus property already mentioned the auctioneer will sell to the highest bidder outboard motors, boats, trucks, motorcycles, surveying instruments, filing cabinets, desk lamps, adding machines, oscilating fans and printing calculators.

Terms of the auction are cash on the day of the sale. Personnel from the Nelson International Company will act as auctioneers for the State of Texas.

Texas' Board of Control is a unique State agency in that it is a service organization charged with a multitude of activities for all State agencies and the people of Texas.

Foerster explained that one of the main functions of the Board of Control was to act as the central purchasing agent for all State Departments. Last year, he said, purchases totaled more than $160,000,000. This total included such things as repairs for the McDonald Observatory, pure bred cows for the West Texas State University, hundreds of school buses and millions of sheets of paper for all agencies.

Market Report

Cattle and calves receipts Thursday at Cameron Livestock Auction totaled 950, compared to 1000 last week and 1050 a year ago.

Prices compared to the close of last week with slaughter cows and bulls steady to 50 lower. Slaughter calves steady, feeder steers steady to 50 lower.

Steer calves uneven - 350 lbs down fully 50 higher; 350 lbs up steady to 50 lower. Feeder heifers steady to 50 higher; Heifer calves steady - spots 50 higher, demand good.

Run included around 87 percent feeder cattle and calves, 7 percent slaughter cows, remainder mostly slaughter calves.

Hogs totaled 315 head with barrows and gilts 50 to 75 higher and sows 50 to 1.00 higher.

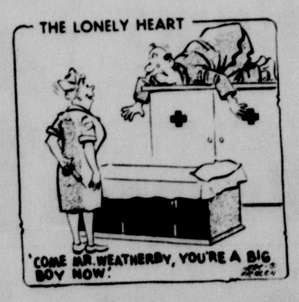
Baptists To Show Film On Israel

"His Land," a one-hour color film on Israel will be shown at the First Baptist Church at 7:30 p.m. Wednesday, November 18.

The film, which has been called "a musical journey into the soul of a nation," stars Cliff Barrows and Cliff Richard, of England.

The motion picture shows the story of Israel from ancient to modern times and features a musical score composed and arranged by Ralph Carmichael.

Rev. J. E. Lafferty, pastor of First Baptist, said the public is cordially invited to attend.



NEWS for OUTDOORSMEN ... by VERN SANFORD

Several years ago, I was fishing near an angler who made extremely long casts. His boat was far from shore and he was whipping himself to death trying to drop his lure close to the bank.

Occasionally he caught a bass. Then he fought that bass through 50 yards of good bass water. This of course can ruin the area for further fishing . . . at least for the time being.

Actually, he was so far out that his fish had many opportunities to get entangled in submerged brush—and did.

At times long casts are fine—such as working with trout and red fish on the coast. But, for fresh water fishing a cast over 50 feet usually is useless. If you keep within this distance you don't disturb much water, or scare away many fish.

Rod Makes Difference

Some good fishermen insist on making long casts. But most of these distance shots are for show. A light-action rod puts the lure there, but when a fish hits, that same light-action rod will bend almost double getting him in—providing you're lucky enough to set the hook in time.

Naturally, the farther away the lure the longer it takes to firmly set the hook. A split second sometimes determines whether or not you latch on to the lunker or he expels the hook.

It is much easier to set the hook with a medium action rod, although most of us favor the light action one for casting.

On the other hand, a light rod is just **no bueno** for worm fishing. Neither is a long rod! Most of the best worm fishermen prefer a stick about five feet long and not over five and a half feet. This gives them a rod with sufficient backbone to set the hook and get that big old bass to the top as quickly as possible.

Where Long Casts Help

When fishing from the shore, longer casts may be helpful. In fact, most of the time you'll need to put the lure out close to a weed bed or to a point, or just beyond a drop-off.

Sometimes those who fish standing in the boat find it to their advantage to make a long cast. This is particularly true if the water is gin-clear and very calm.

Lone Star Declares Quarterly Dividend

Directors of Lone Star Gas Company at Dallas today declared a regular quarterly dividend of 31 cents per share on common stock payable December 7, 1970 to shareholders of record November 20, 1970.

The dividend closely followed reported record per share earnings of $1.97 for the 12 months ended September 30. Net income for the same period rose 37 percent to $28,968,000 on total operating revenues of approximately $256 million.

Cannibals of the South Sea used forks-- but only to devour their victims. Their religious cult did not permit them to eat human flesh with their fingers.

New Loan Program For GI's Ready

Millions of veterans will get a renewed opportunity to use their GI loan benefits whenever conditions are favorable to them as a result of the bill the President signed recently, Jack Coker, Director of the Veterans Administration Regional Office in Waco explained today.

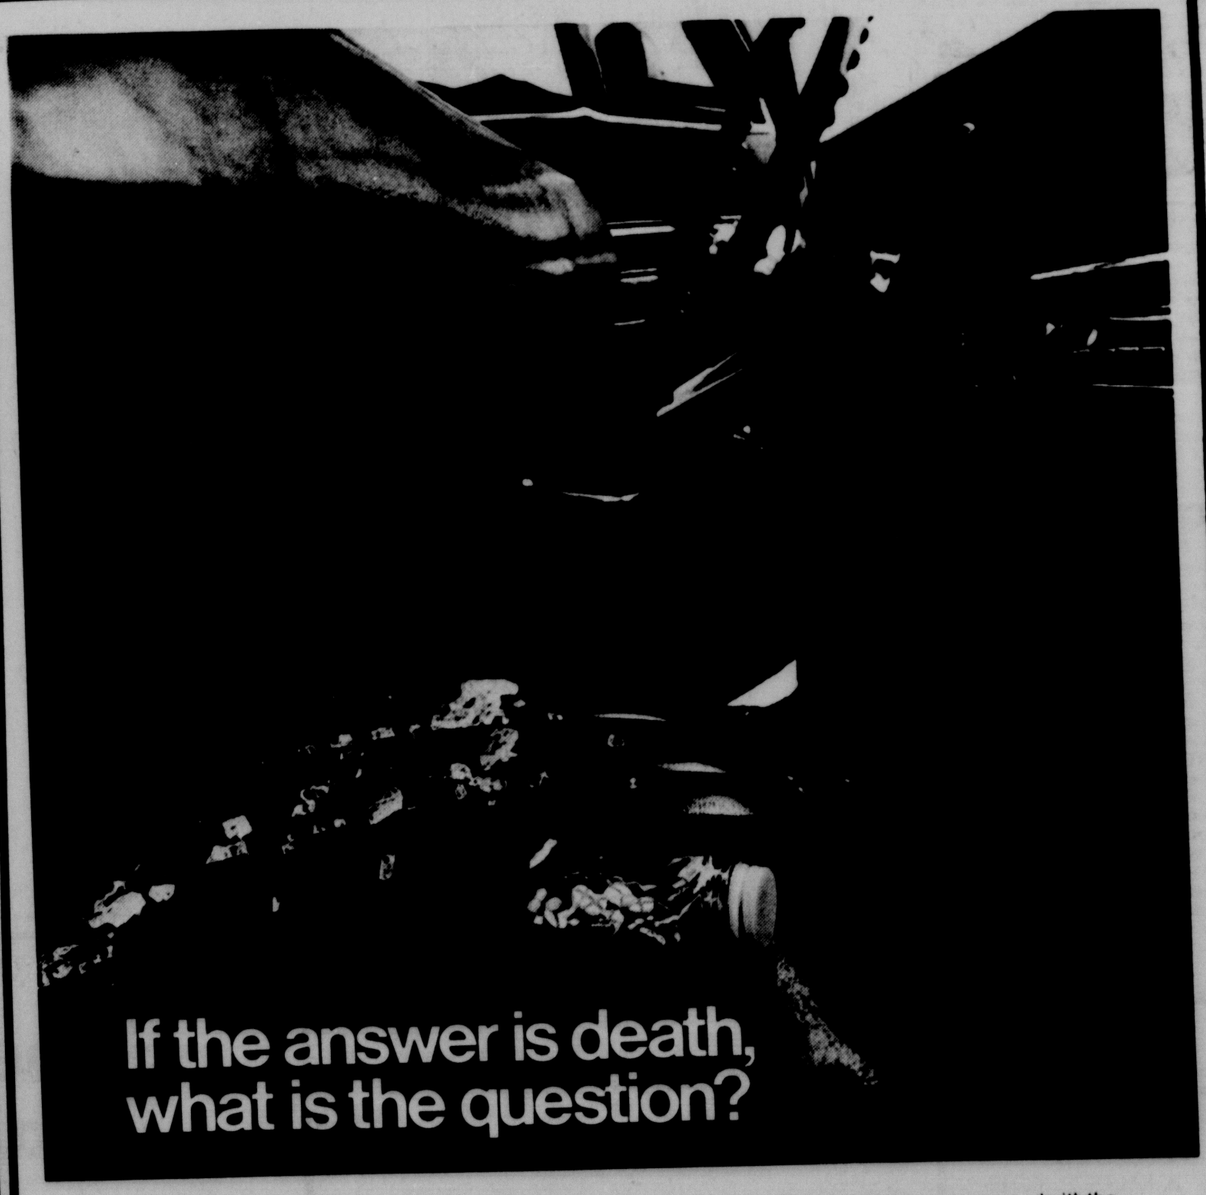
The new law (PL 91-506) restores unused, expired loan benefits to 8.9 million World War II and Korean Conflict veterans, and extends these same benefits indefinitely for approximately 7.5 million other veterans who served after January 31, 1955.

Coker noted that before the law was enacted, veterans had to use their loan benefits before an expiration date.

One other provision of PL 91-506, which became effective October 23, eliminates a VA funding fee of .5 percent on guaranteed and direct loans to Post Korean veterans.

Another provision authorizes VA to make direct loans anywhere in the country to an eligible veteran who has a service-connected permanent and total disability and who has received a grant for specially adapted housing.

A provision authorizing VA to finance mobile homes for veterans and servicemen becomes effective December 22.



Some people have begun to question whether many drugs and narcotics are really harmful.

Do they actually cause psychological and physical damage?

What is the answer?

On the highway, the answer is death. Death for the innocent as well as the guilty. And month by month the casualty list grows longer. As more and more pill-poppers, speed freaks and junkies get behind the wheel. For a short ride.

We believe it is time for answers in the form of action. Not questions.

Parents should join civic groups concerned with the narcotics problem. They must get the no-nonsense facts about drugs to discuss with their teenagers. They should urge their local school boards to introduce classes on drug abuse. And they should press their elected representatives for new legislation to help our police in their efforts to halt the drug traffic—on and off the highways.

These are the kind of answers we need.

Now, what was the question?

LEGAL NOTICE—

CITATION BY PUBLICATION

THE STATE OF TEXAS
TO: Anthony Cole, Defendant, Greeting:

YOU ARE HEREBY COMMANDED to appear before the Honorable District Court of Milam County at the Courthouse thereof, in Cameron, Texas, by filing a written answer at or before 10 o'clock A.M. of the first Monday next after the expiration of forty-two days from the date of the issuance of this citation, same being the 21st day of December A.D. 1970, to Plaintiff's Petition filed in said court, on the 1st day of April A. D. 1970, in this cause, numbered 16,199 on the docket of said court and styled Barbara Cole, Plaintiff, vs. Anthony Cole Defendant,

A brief statement of the nature of this suit is as follows, to-wit: A petition for divorce alleging that the marriage has become insupportable because of discord and conflict of personalities that destroys the legitimate ends of the marriage relationship and prevents any reasonable expectation of reconciliation. as is more fully shown by Plaintiff's Petition on file in this suit.

If this citation is not served within ninety days after the date of its issuance, it shall be returned unserved.

The officer executing this writ shall promptly serve the same according to requirements of law, and the mandates hereof, and make due return as the law directs.

Issued and given under my hand and the seal of said court at Cameron, Texas, this the 4th, day of October A.D. 1970.

Attest: Grady Allen Clerk,
District Court
Milam County, Texas

Freshmen Take RR For Top District Slot

Thursday night at Yoe Field the Cameron Freshmen wrapped up the district championship by downing Round Rock 34-16. Both teams were 3-0 in 20AA district play prior to kickoff.

The two teams scored on their first possessions in the opening minutes of the game. Round Rock scored first on a 10 yard scamper by halfback Watts. The try for conversion failed and the Dragons led 6-0.

David Hollas then scored the first of his four TDs for the night on a 5 yard run. He also added the extra two and the Yoemen led 8-6 with just four minutes gone in the first quarter.

Hollas got his second touchdown on a 2 yard plunge to put the Yoe fish ahead 14-6 with the try for extra points failing.

Watts again raised the Dragons' hopes as he streaked 63 yards for RR's second TD. The PAT was good and tied the score 14-14 just before halftime.

Third quarter action saw the Yoe center snap the ball out of the end zone for a safety and RR held that 2 point edge until the fourth quarter.

With the Dragons leading 16-14 Hollas scored his third TD on a 5 yard scamper. John Barron hit Marvin Parker for the two and the Yoemen led 22-16.

The freshmen's final scores were made on a 3 yard Hollas run and by George Whiteside picking off a Dragon aerial and going the final 5 yards.

The freshmen ended a fine season with a 7-2 record and the top slot in district.

Milam Medical Society Plans Rubella Clinics

Two rubella vaccine clinics in Milam county will give free immunizations to children age 1 through 10 on Sunday, December 6. The Milam County Medical Society through the Texas State Department of Health are sponsoring the free clinics.

Vaccines will be administered between 1 and 5 p.m. at Simon-George Hall in Cameron and in the Rockdale elementary school cafetorium.

Dr. C. G. Swift, co-chairman for the clinics said the vaccine is for rubella (commonly called German or 3-day measles) and should not be confused with the vaccine that has been offered in the past few years for regular 'red' or '10-day' measles which does not protect against rubella.

Dr. Swift said the vaccine will be administered with the virtually painless 'jet injector.' It is recommended for all children 1 through 10 even though a child has already had the disease.

Exceptions to this would be children who have:

1. Already received rubella vaccine;

2. Children sick with high fever on the day of the clinic;

3. Children who are allergic to chickens or ducks or their eggs and feathers, dogs, rabbits and neomycin;

4. Children who are being treated for cancer or leukemia.

Registration forms for the rubella vaccination clinics will be distributed through the schools in Milam County and will be available at the Milam County Health Unit office in Cameron.

Local Boards Receiving December Draft Quotas

AUSTIN

The December draft call for Texas is 489, and local boards will fill the call with men with random sequence numbers 1 through 160, insofar as possible, Colonel Charles M. Duncan, acting state Selective Service director, said Monday.

He stated, however, that this does not mean that registrants with numbers higher than 160 may not be needed by some local boards.

Colonel Duncan stressed that under the new Executive Order signed by the President September 26, 1970, all men in I-A, I-A-O, or I-O on December 31, 1970, with numbers lower than the high number reached this calendar year by their own local boards will be assigned to the Extended Priority Selection Group to be called during the first quarter of 1971.

Those with a higher number than the high number reached will be assigned to the Second Priority Group in 1971.

The Texas December draft quota of 489 is the state's share of a national quota for 7,000 men, all for the army. December inductions will occur December 1 through 17.

The state quota for pre-induction physical and mental examinations in December is 3,376. Men sent for these examinations will be limited to those with random sequence numbers 1 through 195 from the drawing in December 1969 and numbers 1 through 100, from the July 1970 drawing for those born in 1951.

All volunteers at the draft boards must be inducted ahead of the non-volunteers selected and ordered to report for induction by random sequence number.

Local board quotas for induction and pre-induction examination in December were scheduled to be mailed to the state's 159 boards Monday, November 9.

Committee To Study Vo-ed Needs

Max McClaren, Milam County School Supt.-elect, has been named to a special vocational advisory committee by the Region VI Education Service Center.

The committee will help determine the needs and means of implementing vocational education within public schools determine the role the Center should play in assisting schools develop programs.

The advisory committee will include representatives from public schools, businessmen, industrial leaders, lawmakers, higher education, and local governments.

Committee members will meet at 6:30 p.m. Tuesday, November 17 at Lowman Student Center in Huntsville for initial organization and discussion.

Christmas Parade Set In Bryan-CS

Plans have been completed for the Bryan - College Station Chamber of Commerce 1970 Christmas Parade. Claude Dobbins will serve as Parade Marshal with John Green and Sammy Russo serving as Assistant Parade Marshals.

This annual event has been set for Thursday, December 3, at 7p.m. in downtown Bryan.

Entry forms, along with rules and regulations for floats and drill team entrants, are available at the Chamber Office.

Band entries are by invitation only and 15 bands are expected to participate in the parade. There is no entry fee and deadline for entry is November 27.

Everyone is urged to begin preparing their floats for entry in the parade and reminded that the Chamber of Commerce float will be the official Santa Claus float and no other Santas will be permitted in the parade.

Floats will be judged in two categories. First through fourth prizes will be awarded to floats entered in the religious category and first through fourth prizes awarded to floats depicting a theme other than religious.

Badgerettes Win Two; Will Play Rogers Monday

The Buckholts Badgerettes A and B teams played the Bruceville-Eddy A and B teams Monday night in Badger Gym.

The B team beat the Eagles 30-23.

High pointer for the Badgerettes was Jessie Webb with 20. Lanell Allison had 6 and Marcia Barkemeyer had 4.

High pointer for Bruceville-Eddy was Diane Clark with 14.

The A team stands now 4-1 in the season by defeating the Eagles 36-29.

Becky Beckhusen and Martha Vaculin tied for high point honors with 14. Debra McNeill had 6 and Debra Ruzicka had 2 for the Badgerettes.

High point for the Eagles was Camille Bostich with 16.

The next game for the Badgerettes will be Monday (today), November 16 in the Buckholts Gym. They will be seeking their revenge against the Rogers Eagles who previously broke the Badgerettes' winning streak.

Falls Farmers Union To Hear Rep. Kubiak In Rosebud Tuesday

State Rep. Dan Kubiak of Rockdale will address the Falls County Farmers Union at 7 p.m. Tuesday, November 17, in the Rosebud High School cafeteria. He will speak on "What's Ahead for the 62nd Legislature."

Some of the controversial bills to be introduced early in the session will include:

Aid to private and parochial schools;

Re-structure the property tax assessments for school districts in the State of Texas;

Minimize the punishment for possessors of marijuana and increased punishment for the pushers thereof;

Allow teachers to negotiate lifetime contracts;

Liberalize abortion laws in Texas;

Require insurance companies to use investment income in computing automobile insurance rates;

Provide equal rights for women.

When not molested the trumpeter swan, which almost became extinct, has a life span of 30 years.
